SB 1714 ON THIRD READING (Chisum - House Sponsor)

SB 1714, A bill to be entitled An Act relating to certain actions against an employer by an employee who is not covered by workers' compensation insurance.

SB 1714 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE BRANCH: Is the reference in the new language in 406.034(d) to an "agreement" intended to cover any agreement, plan, or practice by an employer to provide benefits outside of workers' compensation to employees that waive workers' compensation coverage?

REPRESENTATIVE CHISUM: Yes.

BRANCH: Is the intent in Section 3 of the bill, relating to the applicability section, that Section (3)(a)(2)(B) only refers to those benefits payable by an employer in exchange for a pre-injury waiver of the employee's right of action?

CHISUM: Yes.

REMARKS ORDERED PRINTED

Representative Chisum moved to print remarks between Representative Branch and Representative Chisum.

The motion prevailed.

REPRESENTATIVE GIDDINGS: Mr. Chisum, I'm sorry, I'm trying to figure out exactly—in a thumbnail sketch—what your bill does. Does this affect nonsubscribers?

CHISUM: This only affects one nonsubscriber, and I'll just tell you their name is Cargill, they're a very large employer in my and Mr. Smithee's district and around Lubbock, Texas, all the way up to the northern parts of the Panhandle. It allows them, because they have an agreement with their employees, to be a nonsubscriber. We grandfather them in and we just say that you cannot any longer have an alternative to workers' comp that requires the employee to waive their right to sue, and so, we don't want to continue those because that's a very large place where they could abuse the privilege. This company has not abused it—their employee representatives are just fine with the way we—so we did not want to change that at all. We want them to be allowed to go forward, but we don't want to proliferate this with some bad actors, so that's—but if you want to be a nonsubscriber, you can do that.

GIDDINGS: Okay. So, to be sure I get this correct, your bill is only intended to affect this one employer in your area, and you're grandfathering them?

CHISUM: We are grandfathering them in, yes.

GIDDINGS: They have an agreement—a non-sue agreement with their workers?

CHISUM: They do.

GIDDINGS: And so, what is their history? Have their workers been taken care of—you know—

CHISUM: They have a long history. They've had only one complaint that we're aware of, and it seems to be a program that is working for them, and they continue to be a large employer in that area of the state.

GIDDINGS: Okay, so this is just grandfathering this one particular company in your area and has no effect on the rest of the state?

CHISUM: Absolutely.

REMARKS ORDERED PRINTED

Representative Giddings moved to print remarks between Representative Chisum and Representative Giddings.

The motion prevailed.

Amendment No. 1

Representative Guillen offered the following amendment to **SB 1816**:

Amend **SB 1816** on third reading as follows:

(1) In SECTION 2 of the bill, in the recital, strike "Subsections (a) and (d), Section 232.022, Local Government Code, are" and substitute "Subsection (d), Section 232.022, Local Government Code, is".

(2) In SECTION 2 of the bill, strike amended Section 232.022(a), Local Government Code.

(3) Add the following appropriately numbered SECTIONS to the bill:

SECTION _____. Section 232.0031, Local Government Code, is amended to read as follows:

Sec. 232.0031. STANDARD FOR ROADS IN SUBDIVISION. A county may not impose under Section 232.003 a higher standard for streets or roads in a subdivision than the county imposes on itself for the construction of new streets or roads with a similar type and amount of traffic.

SECTION _____. Section 232.033, Local Government Code, is amended by amending Subsections (a) and (h) and adding Subsections (a-1), (a-2), (a-3), (a-4), and (a-5) to read as follows:

(a) Brochures, publications, ~~and~~ advertising of any form, and earnest money contracts relating to subdivided land required to be platted under this subchapter:

(1) may not contain any misrepresentation; ~~and~~

(2) except for a for-sale sign posted on the property that is no larger than three feet by three feet, must accurately describe the availability of water and sewer service facilities and electric and gas utilities; and

(3) if a plat for the land has not been finally approved and recorded, must include a notice that:

(A) subject to Subsection (a-1), a contract for the sale of any portion of the land may not be entered into until the land receives final plat approval under Section 232.024; and

(B) the land may not be possessed or occupied until:

(i) the land receives final plat approval under Section 232.024;
and

(ii) all water and sewer service facilities for the lot are connected or installed in compliance with the model rules adopted under Section 16.343, Water Code.

(a-1) This subsection applies in addition to other applicable law and prevails to the extent of a conflict with that other law. This subsection applies only to a person who is a seller or subdivider and who is a licensed, registered, or otherwise credentialed residential mortgage loan originator under applicable state law, federal law, and the Nationwide Mortgage Licensing System and Registry. A person may, before a plat has been finally approved and recorded for the land:

(1) enter into an earnest money contract with a potential purchaser and accept payment under the contract in an amount of \$250 or less; and

(2) advertise in accordance with this section.

(a-2) An earnest money contract entered into under Subsection (a-1) is void if the plat for the land has not been finally approved and recorded before the 91st day after the date the earnest money contract is signed by the potential purchaser, unless the potential purchaser agrees in writing to extend the period for plat approval and recording for an additional 90-day period. Only one extension may be granted under this subsection.

(a-3) If an earnest money contract is void under Subsection (a-2), the seller shall refund all earnest money paid to the potential purchaser not later than the 30th day after the date the earnest money contract becomes void under Subsection (a-2). If the seller fails to refund the earnest money to the potential purchaser in violation of this subsection, the potential purchaser, in a suit to recover the earnest money, may recover an amount equal to three times the amount of the earnest money required to be refunded, plus reasonable attorney's fees.

(a-4) Before entering into an earnest money contract with a potential purchaser and before a plat has been finally approved and recorded for the land as permitted under Subsection (a-1), a person must provide written notice to the attorney general and to the local government responsible for approving the plat. The notice must include:

(1) a statement of intent to enter into an earnest money contract under Subsection (a-1);

(2) a legal description of the land to be included in the subdivision;

(3) each county in which all or part of the subdivision is located; and

(4) the number of proposed individual lots to be included in the subdivision.

(a-5) The attorney general may adopt rules regarding the notice to be provided under Subsection (a-4).

AMENDMENT NO. 1 - STATEMENT OF LEGISLATIVE INTENT

GUILLEN: Oh yes. We included the exact amendment that we applied on the house floor at that time.

HANCOCK: So, this is the amended version of the original bill, corrected, and no changes from that.

An owner is entitled to obtain from the association copies of information contained in the books and records [Section B, Article 2.23, Texas Non Profit Corporation Act (Article 1396 2.23, Vernon's Texas Civil Statutes)].

(d) Except as provided by this subsection, an [(a-1) A property owners' association described by Section 552.0036(2), Government Code, shall make the books and records of the association, including financial records, reasonably available to any person requesting access to the books or records in accordance with Chapter 552, Government Code. [(1)] records of the association and are not[;

[(2)] subject to inspection by the owner[;] or

[(3) subject to] production in a legal proceeding. If a document in an attorney's files and records relating to the association would be responsive to a legally authorized request to inspect or copy association documents, the document shall be produced by using the copy from the attorney's files and records if the association has not maintained a separate copy of the document. This subsection does not require production of a document that constitutes attorney work product or that is privileged as an attorney-client communication.

(e) An owner or the owner's authorized representative described by Subsection (c) must submit a written request for access or information under Subsection (c) by certified mail, with sufficient detail describing the property owners' association's books and records requested, to the mailing address of the association or authorized representative as reflected on the most current

management certificate filed under Section 209.004. The request must contain an election either to inspect the books and records before obtaining copies or to have the property owners' association forward copies of the requested books and records and:

(1) if an inspection is requested, the association, on or before the 10th business day after the date the association receives the request, shall send written notice of dates during normal business hours that the owner may inspect the requested books and records to the extent those books and records are in the possession, custody, or control of the association; or

(g) If an inspection is requested or required, the inspection shall take place at a mutually agreed on time during normal business hours, and the requesting party shall identify the books and records for the property owners' association to copy and forward to the requesting party.

(h) A property owners' association may produce books and records requested under this section in hard copy, electronic, or other format reasonably available to the association.

(i) A property owners' association board must adopt a records production and copying policy that prescribes the costs the association will charge for the compilation, production, and reproduction of information requested under this section. The prescribed charges may include all reasonable costs of materials, labor, and overhead but may not exceed costs that would be applicable for an item under 1 T.A.C. Section 70.3. The policy required by this subsection must be recorded as a dedicatory instrument in accordance with Section 202.006. An association may not charge an owner for the compilation, production, or reproduction of information requested under this section unless the policy prescribing those costs has been recorded as required by this subsection. An owner is responsible for costs related to the compilation, production, and reproduction of the requested information in the amounts prescribed by the policy adopted under this subsection. The association may require advance payment of the estimated costs of compilation, production, and reproduction of the requested information. If the estimated costs are lesser or greater than the actual costs, the

association shall submit a final invoice to the owner on or before the 30th business day after the date the information is delivered. If the final invoice includes additional amounts due from the owner, the additional amounts, if not reimbursed to the association before the 30th business day after the date the invoice is sent to the owner, may be added to the owner's account as an assessment. If the estimated costs exceeded the final invoice amount, the owner is entitled to a refund, and the refund shall be issued to the owner not later than the 30th business day after the date the invoice is sent to the owner.

(j) A property owners' association must estimate costs under this section using amounts prescribed by the policy adopted under Subsection (i).

(k) Except as provided by Subsection (l) and to the extent the information is provided in the meeting minutes, the property owners' association is not required to release or allow inspection of any books or records that identify the dedicatory instrument violation history of an individual owner of an association, an owner's personal financial information, including records of payment or nonpayment of amounts due the association, an owner's contact information, other than the owner's address, or information related to an employee of the association, including personnel files. Information may be released in an aggregate or summary manner that would not identify an individual property owner.

(l) The books and records described by Subsection (k) shall be released or made available for inspection if:

(1) the express written approval of the owner whose records are the subject of the request for inspection is provided to the property owners' association; or

(2) a court orders the release of the books and records or orders that the books and records be made available for inspection.

(m) A property owners' association composed of more than 14 lots shall adopt and comply with a document retention policy that includes, at a minimum, the following requirements:

(6) tax returns and audit records shall be retained for seven years.

(n) A member of a property owners' association who is denied access to or copies of association books or records to which the member is entitled under this section may file a petition with the justice of the peace of a justice precinct in which all or part of the property that is governed by the association is located requesting relief in accordance with this subsection. If the justice of the peace finds that the member is entitled to access to or copies of the records, the justice of the peace may grant one or more of the following remedies:

(1) a judgment ordering the property owners' association to release or allow access to the books or records;

(2) a judgment against the property owners' association for court costs and attorney's fees incurred in connection with seeking a remedy under this section; or

(3) a judgment authorizing the owner or the owner's assignee to deduct the amounts awarded under Subdivision (2) from any future regular or special assessments payable to the property owners' association.

(o) If the property owners' association prevails in an action under Subsection (n), the association is entitled to a judgment for court costs and attorney's fees incurred by the association in connection with the action.

(p) On or before the 10th business day before the date a person brings an action against a property owners' association under this section, the person must send written notice to the association of the person's intent to bring the action. The notice must:

(1) be sent certified mail, return receipt requested, or delivered by the United States Postal Service with signature confirmation service to the mailing address of the association or authorized representative as reflected on the most current management certificate filed under Section 209.004; and

(2) describe with sufficient detail the books and records being requested.

(q) For the purposes of this section, "business day" means a day other than Saturday, Sunday, or a state or federal holiday.

(b) In this section, "board meeting" means a deliberation between a quorum of the voting board of the property owners' association, or between a quorum of the voting board and another person, during which property owners' association business is considered and the board takes formal action. The term does not include the gathering of a quorum of the board at a social function unrelated to the business of the association or the attendance by a quorum of the board at a regional, state, or national convention, ceremonial event, or press conference, if formal action is not taken and any discussion of association business is incidental to the social function, convention, ceremonial event, or press conference.

(c) Regular and special board meetings must be open to owners, subject to the right of the board to adjourn a board meeting and reconvene in closed executive session to consider actions involving personnel, pending or threatened litigation, contract negotiations, enforcement actions, confidential communications with the property owners' association's attorney, matters involving the invasion of privacy of individual owners, or matters that are to remain confidential by request of the affected parties and agreement of the board. Following an executive session, any decision made in the executive session must

be summarized orally and placed in the minutes, in general terms, without breaching the privacy of individual owners, violating any privilege, or disclosing information that was to remain confidential at the request of the affected parties. The oral summary must include a general explanation of expenditures approved in executive session.

(c-1) Except for a meeting held by electronic or telephonic means under Subsection (h), a board meeting must be held in a county in which all or part of the property in the subdivision is located or in a county adjacent to that county.

(d) The board shall keep a record of each regular or special board meeting in the form of written minutes of the meeting. The board shall make meeting records, including approved minutes, available to a member for inspection and copying on the member's written request to the property owners' association's managing agent at the address appearing on the most recently filed management certificate or, if there is not a managing agent, to the board.

(e) Members shall be given notice of the date, hour, place, and general subject of a regular or special board meeting, including a general description of any matter to be brought up for deliberation in executive session. The notice shall be:

(B) sending the notice by e-mail to each owner who has registered an e-mail address with the association.

(f) It is an owner's duty to keep an updated e-mail address registered with the property owners' association under Subsection (e)(2)(B).

(g) If the board recesses a regular or special board meeting to continue the following regular business day, the board is not required to post notice of the continued meeting if the recess is taken in good faith and not to circumvent this section. If a regular or special board meeting is continued to the following regular business day, and on that following day the board continues the meeting to another day, the board shall give notice of the continuation in at least one manner prescribed by Subsection (e)(2)(A) within two hours after adjourning the meeting being continued.

(h) A board may meet by any method of communication, including electronic and telephonic, without prior notice to owners under Subsection (e), if each director may hear and be heard by every other director, or the board may take action by unanimous written consent to consider routine and administrative matters or a reasonably unforeseen emergency or urgent necessity that requires immediate board action. Any action taken without notice to owners under

Subsection (e) must be summarized orally, including an explanation of any known actual or estimated expenditures approved at the meeting, and documented in the minutes of the next regular or special board meeting. The board may not, without prior notice to owners under Subsection (e), consider or vote on:

- (1) fines;
- (2) damage assessments;
- (3) initiation of foreclosure actions;
- (4) initiation of enforcement actions, excluding temporary restraining orders or violations involving a threat to health or safety;
- (5) increases in assessments;
- (6) levying of special assessments;
- (7) appeals from a denial of architectural control approval; or
- (8) a suspension of a right of a particular owner before the owner has an opportunity to attend a board meeting to present the owner's position, including any defense, on the issue.

(i) This section applies to a meeting of a property owners' association board during the development period, as defined by Section 202.011, only if the meeting is conducted for the purpose of:

- (1) adopting or amending the governing documents, including declarations, bylaws, rules, and regulations of the association;

(b) This section supersedes any contrary requirement in a dedicatory instrument.

(c) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

Sec. 209.0057. RECOUNT OF VOTES. (a) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

(b) Any owner may, not later than the 15th day after the date of the meeting at which the election was held, require a recount of the votes. A demand for a recount must be submitted in writing either:

(2) in person to the property owners' association's managing agent as reflected on the most current management certificate filed under Section 209.004 or to the address to which absentee and proxy ballots are mailed.

(c) The property owners' association shall, at the expense of the owner requesting the recount, retain for the purpose of performing the recount, the services of a person qualified to tabulate votes under this subsection. The association shall enter into a contract for the services of a person who:

(1) is not a member of the association or related to a member of the association board within the third degree by consanguinity or affinity, as determined under Chapter 573, Government Code; and

(2) is:

(A) a current or former:

(i) county judge;

(ii) county elections administrator;

(iii) justice of the peace; or

(iv) county voter registrar; or

(d) Any recount under Subsection (b) must be performed on or before the 30th day after the date of receipt of a request and payment for a recount in accordance with Subsections (b) and (c). If the recount changes the results of the election, the property owners' association shall reimburse the requesting owner for the cost of the recount. The property owners' association shall provide the results of the recount to each owner who requested the recount. Any action taken by the board in the period between the initial election vote tally and the completion of the recount is not affected by any recount.

Sec. 209.0058. BALLOTS. (a) Any vote cast in an election or vote by a member of a property owners' association must be in writing and signed by the member.

(b) Electronic votes cast under Section 209.00592 constitute written and signed ballots.

(c) In an association-wide election, written and signed ballots are not required for uncontested races.

Sec. 209.0059. RIGHT TO VOTE. (a) A provision in a dedicatory instrument that would disqualify a property owner from voting in a property owners' association election of board members or on any matter concerning the rights or responsibilities of the owner is void.

(b) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

Sec. 209.00591. BOARD MEMBERSHIP. (a) Except as provided by this section, a provision in a dedicatory instrument that restricts a property owner's right to run for a position on the board of the property owners' association is void.

(b) If a board is presented with written, documented evidence from a database or other record maintained by a governmental law enforcement authority that a board member has been convicted of a felony or crime involving moral turpitude, the board member is immediately ineligible to serve on the board of the property owners' association, automatically considered removed from the board, and prohibited from future service on the board.

(c) The declaration may provide for a period of declarant control of the association during which a declarant, or persons designated by the declarant, may appoint and remove board members and the officers of the association, other than board members or officers elected by members of the property owners' association. Regardless of the period of declarant control provided by the declaration, on or before the 120th day after the date 75 percent of the lots that may be created and made subject to the declaration are conveyed to owners other than a declarant, at least one-third of the board members must be elected by owners other than the declarant. If the declaration does not include the number of lots that may be created and made subject to the declaration, at least one-third of the board members must be elected by owners other than the declarant not later than the 10th anniversary of the date the declaration was recorded.

(3) by electronic ballot in accordance with this section; or

(4) by any method of representative or delegated voting provided by a dedicatory instrument.

(b) An absentee or electronic ballot:

(1) may be counted as an owner present and voting for the purpose of establishing a quorum only for items appearing on the ballot;

(2) may not be counted, even if properly delivered, if the owner attends any meeting to vote in person, so that any vote cast at a meeting by a property owner supersedes any vote submitted by absentee or electronic ballot previously submitted for that proposal; and

(3) may not be counted on the final vote of a proposal if the motion was amended at the meeting to be different from the exact language on the absentee or electronic ballot.

(c) A solicitation for votes by absentee ballot must include:

(1) an absentee ballot that contains each proposed action and provides an opportunity to vote for or against each proposed action;

(2) instructions for delivery of the completed absentee ballot, including the delivery location; and

(3) the following language: "By casting your vote via absentee ballot you will forgo the opportunity to consider and vote on any action from the floor on these proposals, if a meeting is held. This means that if there are amendments to these proposals your votes will not be counted on the final vote on these measures. If you desire to retain this ability, please attend any meeting in person. You may submit an absentee ballot and later choose to attend any meeting in person, in which case any in-person vote will prevail."

(d) For the purposes of this section, "electronic ballot" means a ballot:

(1) given by:

(A) e-mail;

(B) facsimile; or

(C) posting on an Internet website;

(2) for which the identity of the property owner submitting the ballot can be confirmed; and

(3) for which the property owner may receive a receipt of the electronic transmission and receipt of the owner's ballot.

(e) If an electronic ballot is posted on an Internet website, a notice of the posting shall be sent to each owner that contains instructions on obtaining access to the posting on the website.

(f) This section supersedes any contrary provision in a dedicatory instrument.

(g) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

Sec. 209.00593. ELECTION OF BOARD MEMBERS.

(a) Notwithstanding any provision in a dedicatory instrument, any board member whose term has expired must be elected by owners who are members of the property owners' association. A board member may be appointed by the board only to fill a vacancy caused by a resignation, death, or disability. A board member appointed to fill a vacant position shall serve the unexpired term of the predecessor board member.

(b) The board of a property owners' association may amend the bylaws of the property owners' association to provide for elections to be held as required by Subsection (a).

(c) The appointment of a board member in violation of this section is void.

(d) This section does not apply to the appointment of a board member during a development period, as defined by Section 202.011.

(e) This section does not apply to a representative board whose members or delegates are elected or appointed by representatives of a property owners' association who are elected by owner members of a property owners' association.

SECTION 16. Subsection (b), Section 209.006, Property Code, is amended to read as follows:

(b) The notice must:

(1) describe the violation or property damage that is the basis for the suspension action, charge, or fine and state any amount due the association from the owner; and

(2) inform the owner that the owner:

(A) is entitled to a reasonable period to cure the violation and avoid the fine or suspension unless the owner was given notice and a reasonable opportunity to cure a similar violation within the preceding six months; and

(B) may request a hearing under Section 209.007 on or before the 30th day after the date notice was delivered to the owner ~~[receives the notice]~~.

SECTION 17. Chapter 209, Property Code, is amended by adding Sections 209.0061, 209.0062, 209.0063, and 209.0064 to read as follows:

Sec. 209.0061. ASSESSMENT OF FINES. (a) A fine assessed by the property owners' association must be reasonable in the context of the nature and frequency of the violation and the effect of the violation on the subdivision as a whole. If the association allows fines for a continuing violation to accumulate against a lot or an owner, the association must establish a reasonable maximum fine amount for a continuing violation at which point the total fine amount is capped.

(b) If a lot occupant other than the owner violates a provision of the dedicatory instrument, the property owners' association, in addition to exercising any of the association's powers against the owner, may assess a fine directly against the nonowner occupant in the same manner as provided for an owner but may not require payment from both the owner and a nonowner occupant for the same violation.

(c) If the property owners' association assesses a fine against a nonowner occupant under this section, the notice provisions of Section 209.006 and the hearing provisions of Section 209.007 apply to the nonowner occupant in the same manner as those provisions apply to an owner.

Sec. 209.0062. ALTERNATIVE PAYMENT SCHEDULE FOR CERTAIN ASSESSMENTS. (a) A property owners' association composed of more than 14 lots shall adopt reasonable guidelines to establish an alternative payment schedule by which an owner may make partial payments to the property owners' association for delinquent regular or special assessments or any other amount owed to the association without accruing additional monetary penalties. For purposes of this section, monetary penalties do not include reasonable costs associated with administering the payment plan or interest.

(b) The minimum term for a payment plan offered by a property owners' association is three months.

(c) A property owners' association is not required to enter into a payment plan with an owner who failed to honor the terms of a previous payment plan during the two years following the owner's default under the previous payment plan.

(d) A property owners' association shall file the association's guidelines under this section in the real property records of each county in which the subdivision is located.

(e) A property owners' association's failure to file as required by this section the association's guidelines in the real property records of each county in which the subdivision is located does not prohibit a property owner from receiving an alternative payment schedule by which the owner may make partial payments to the property owners' association for delinquent regular or special assessments or any other amount owed to the association without accruing additional monetary penalties, as defined by Subsection (a).

Sec. 209.0063. PRIORITY OF PAYMENTS. (a) Except as provided by Subsection (b), a payment received by a property owners' association from the owner shall be applied to the owner's debt in the following order of priority:

- (1) any delinquent assessment;
- (2) any current assessment;
- (3) any attorney's fees or third party collection costs incurred by the association associated solely with assessments or any other charge that could provide the basis for foreclosure;
- (4) any attorney's fees incurred by the association that are not subject to Subdivision (3);
- (5) any fines assessed by the association; and
- (6) any other amount owed to the association.

(b) If, at the time the property owners' association receives a payment from a property owner, the owner is in default under a payment plan entered into with the association:

- (1) the association is not required to apply the payment in the order of priority specified by Subsection (a); and
- (2) in applying the payment, a fine assessed by the association may not be given priority over any other amount owed to the association.

Sec. 209.0064. THIRD PARTY COLLECTIONS. (a) In this section:

(1) "Collection agent" means a debt collector, as defined by Section 803 of the federal Fair Debt Collection Practices Act (15 U.S.C. Section 1692a).

(2) "Financial institution" means:

(A) a bank, savings bank, or savings and loan association or a wholly owned subsidiary or affiliate of a bank, savings bank, or savings and loan association;

(B) a state or federal credit union or a wholly owned subsidiary, affiliate, or credit union service organization of a state or federal credit union; or

(C) an insurance company licensed or authorized to engage in business in this state under the Insurance Code.

(b) An owner is not liable for fees of a collection agent retained by the property owners' association or the association's agent unless the association first provides written notice to the owner by certified mail, return receipt requested, or by the United States Postal Service with signature confirmation service or delivery confirmation, that:

- (1) specifies each delinquent amount and the total amount of the payment required to make the account current;

(2) describes the options the owner has to avoid liability for collection agent fees or other costs related to collection of those amounts, including information regarding availability of a payment plan through the association; and

(3) provides a period of at least 30 days for the owner to cure the delinquency before further action is taken by the association.

(c) An owner is not liable for fees of a collection agent retained by the property owners' association or the association's agent if:

(1) the obligation for payment by the association or the association's agent to the collection agent for fees or costs associated with a collection action is in any way dependent or contingent on amounts recovered; or

(2) the payment agreement between the association or the association's agent and the collection agent does not require payment by the association or the association's agent of all fees to the collection agent for the action undertaken by the collection agent.

(d) The agreement between the property owners' association or the association's agent and a collection agent may not prohibit the owner from contacting the association board or the association's managing agent regarding the owner's delinquency.

(e) A property owners' association may not sell or otherwise transfer any interest in the association's accounts receivables for a purpose other than as collateral for a loan to the association by a financial institution.

SECTION 18. Section 209.009, Property Code, is amended to read as follows:

Sec. 209.009. FORECLOSURE SALE PROHIBITED IN CERTAIN CIRCUMSTANCES. A property owners' association may not foreclose a property owners' association's assessment lien if the debt securing the lien consists solely of:

(1) fines assessed by the association; ~~or~~

(2) attorney's fees incurred by the association solely associated with fines assessed by the association; or

(3) amounts added to the owner's account as an assessment under Section 209.005(i).

SECTION 19. Chapter 209, Property Code, is amended by adding Sections 209.0091, 209.0092, and 209.0093 to read as follows:

Sec. 209.0091. JUDICIAL FORECLOSURE REQUIRED. (a) Except as provided by Subsection (c) and subject to Section 209.009, a property owners' association may not foreclose a property owners' association assessment lien unless the association first obtains a court order in an application for expedited foreclosure under the rules adopted by the supreme court under Subsection (b). A property owners' association may use the procedure described by this subsection to foreclose any lien described by the association's dedicatory instruments.

(b) The supreme court, as an exercise of the court's authority under Section 74.024, Government Code, shall adopt rules establishing expedited foreclosure proceedings for use by a property owners' association in foreclosing an

assessment lien of the association. The rules adopted under this subsection must be substantially similar to the rules adopted by the supreme court under Section 50(r), Article XVI, Texas Constitution.

(c) Expedited foreclosure is not required under this section if the owner of the property that is subject to foreclosure agrees in writing at the time the foreclosure is sought to waive expedited foreclosure under this section. A waiver under this subsection may not be required as a condition of the transfer of title to real property.

Sec. 209.0092. REMOVAL OR ADOPTION OF FORECLOSURE AUTHORITY. A provision granting a right to foreclose a lien on real property for unpaid amounts due to a property owners' association may be removed from a dedicatory instrument or adopted in a dedicatory instrument by a vote of at least 67 percent of the total votes allocated to property owners in the property owners' association. Owners holding at least 10 percent of all voting interests in the property owners' association may petition the association and require a special meeting to be called for the purposes of taking a vote for the purposes of this section.

Sec. 209.0093. ASSESSMENT LIEN FILING. A lien, lien affidavit, or other instrument evidencing the nonpayment of assessments or other charges owed to a property owners' association and filed in the official public records of a county is a legal instrument affecting title to real property.

SECTION 20. Subsection (a), Section 209.010, Property Code, is amended to read as follows:

(a) A property owners' association that conducts a foreclosure sale of an owner's lot must send to the lot owner and to each lienholder of record, not later than the 30th day after the date of the foreclosure sale:

(1) [5] a written notice stating the date and time the sale occurred and informing the lot owner and each lienholder of record of the right of the lot owner and lienholder to redeem the property under Section 209.011; and

(2) a copy of Section 209.011.

SECTION 21. Chapter 209, Property Code, is amended by adding Section 209.014 to read as follows:

Sec. 209.014. MANDATORY ELECTION REQUIRED AFTER FAILURE TO CALL REGULAR MEETING. (a) Notwithstanding any provision in a dedicatory instrument, a board of a property owners' association shall call an annual meeting of the members of the association.

(b) If a board of a property owners' association does not call an annual meeting of the association members, an owner may demand that a meeting of the association members be called not later than the 30th day after the date of the owner's demand. The owner's demand must be made in writing and sent by certified mail, return receipt requested, to the registered agent of the property owners' association and to the association at the address for the association according to the most recently filed management certificate. A copy of the notice must be sent to each property owner who is a member of the association.

(c) If the board does not call a meeting of the members of the property owners' association on or before the 30th day after the date of a demand under Subsection (b), three or more owners may form an election committee. The election committee shall file written notice of the committee's formation with the county clerk of each county in which the subdivision is located.

(d) A notice filed by an election committee must contain:

(1) a statement that an election committee has been formed to call a meeting of owners who are members of the property owners' association for the sole purpose of electing board members;

(2) the name and residential address of each committee member; and

(3) the name of the subdivision over which the property owners' association has jurisdiction under a dedicatory instrument.

(e) Each committee member must sign and acknowledge the notice before a notary or other official authorized to take acknowledgments.

(f) The county clerk shall enter on the notice the date the notice is filed and record the notice in the county's real property records.

(g) Only one committee in a subdivision may operate under this section at one time. If more than one committee in a subdivision files a notice, the first committee that files a notice, after having complied with all other requirements of this section, is the committee with the power to act under this section. A committee that does not hold or conduct a successful election within four months after the date the notice is filed with the county clerk is dissolved by operation of law. An election held or conducted by a dissolved committee is ineffective for any purpose under this section.

(h) The election committee may call meetings of the owners who are members of the property owners' association for the sole purpose of electing board members. Notice, quorum, and voting provisions contained in the bylaws of the property owners' association apply to any meeting called by the election committee.

SECTION 22. Subsection (a), Section 211.002, Property Code, is amended to read as follows:

(a) This chapter applies only to a residential real estate subdivision or any unit or parcel of a subdivision to which another chapter in this title that provides a procedure under which a subdivision's restrictions may for general purposes be amended does not apply [located in whole or in part within an unincorporated area of a county if the county has a population of less than 65,000].

Amendment No. 1

Representative Kolkhorst offered the following amendment to **SB 8**:

Amend **SB 8** (house committee printing) as follows:

(1) In SECTION 2.01 of the bill, in added Section 1002.001, Health and Safety Code (page 4, line 3, through page 5, line 27), strike Subdivisions (8), (9), (10), (11), (12), and (13) and substitute:

(8) "Potentially preventable admission" means an admission of a person to a hospital or long-term care facility that may have reasonably been prevented with adequate access to ambulatory care or health care coordination.

(9) "Potentially preventable ancillary service" means a health care service provided or ordered by a physician or other health care provider to supplement or support the evaluation or treatment of a patient, including a diagnostic test, laboratory test, therapy service, or radiology service, that may not be reasonably necessary for the provision of quality health care or treatment.

(10) "Potentially preventable complication" means a harmful event or negative outcome with respect to a person, including an infection or surgical complication, that:

(A) occurs after the person's admission to a hospital or long-term care facility; and

(B) may have resulted from the care, lack of care, or treatment provided during the hospital or long-term care facility stay rather than from a natural progression of an underlying disease.

(11) "Potentially preventable event" means a potentially preventable admission, a potentially preventable ancillary service, a potentially preventable complication, a potentially preventable emergency room visit, a potentially preventable readmission, or a combination of those events.

(12) "Potentially preventable emergency room visit" means treatment of a person in a hospital emergency room or freestanding emergency medical care facility for a condition that may not require emergency medical attention because the condition could be, or could have been, treated or prevented by a physician or other health care provider in a nonemergency setting.

(13) "Potentially preventable readmission" means a return hospitalization of a person within a period specified by the commission that may have resulted from deficiencies in the care or treatment provided to the person during a previous hospital stay or from deficiencies in post-hospital discharge follow-up. The term does not include a hospital readmission necessitated by the occurrence of unrelated events after the discharge. The term includes the readmission of a person to a hospital for:

(A) the same condition or procedure for which the person was previously admitted;

(B) an infection or other complication resulting from care previously provided; or

In addition, the commission may require an award of compensation as otherwise provided by this section. If the certificate holder has never made service available through planning, design, construction of facilities, or contractual obligations to serve the area the petitioner seeks to have released, the commission is not required to find that the proposed alternative provider is capable of providing better service than the certificate holder, but only that the proposed alternative provider is capable of providing the requested service.

(4) In SECTION 1 of the bill, in amended Section 13.254, Water Code (page 3, between lines 13 and 14), insert the following:

(h) A certificate holder that has land removed from its certificated service area in accordance with this section may not be required, after the land is removed, to provide service to the removed land for any reason, including the violation of law or commission rules by a water or sewer system of another person.

(5) Add the following appropriately numbered SECTIONS to the bill and renumber the subsequent SECTIONS of the bill accordingly:

SECTION _____. Section 13.245, Water Code, is amended by amending Subsection (b) and adding Subsections (c-1), (c-2), and (c-3) to read as follows:

(b) Except as provided by Subsections ~~[Subsection]~~ (c), (c-1), and (c-2), the commission may not grant to a retail public utility a certificate of public convenience and necessity for a service area within the boundaries or extraterritorial jurisdiction of a municipality without the consent of the municipality. The municipality may not unreasonably withhold the consent. As a condition of the consent, a municipality may require that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for facilities.

(c-1) If a municipality has not consented under Subsection (b) before the 180th day after the date a landowner or a retail public utility submits to the municipality a formal request for service according to the municipality's application requirements and standards for facilities on the same or substantially similar terms as provided by the retail public utility's application to the commission, including a capital improvements plan required by Section 13.244(d)(3) or a subdivision plat, the commission may grant the certificate of public convenience and necessity without the consent of the municipality if:

(1) the commission makes the findings required by Subsection (c);

(2) the municipality has not entered into a binding commitment to serve the area that is the subject of the retail public utility's application to the commission before the 180th day after the date the formal request was made; and

(3) the landowner or retail public utility that submitted the formal request has not unreasonably refused to:

(A) comply with the municipality's service extension and development process; or

(B) enter into a contract for water or sewer services with the municipality.

(c-2) If a municipality refuses to provide service in the proposed service area, as evidenced by a formal vote of the municipality's governing body or an official notification from the municipality, the commission is not required to make the findings otherwise required by this section and may grant the certificate of public convenience and necessity to the retail public utility at any time after the date of the formal vote or receipt of the official notification.

(c-3) The commission must include as a condition of a certificate of public convenience and necessity granted under Subsection (c-1) or (c-2) that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for water and sewer facilities.

SECTION _____. Sections 13.2451(a) and (b), Water Code, are amended to read as follows:

(a) Except as provided by Subsection (b), if ~~[H]~~ a municipality extends its extraterritorial jurisdiction to include an area certificated to a retail public utility, the retail public utility may continue and extend service in its area of public convenience and necessity under the rights granted by its certificate and this chapter.

(b) The commission may not extend a municipality's certificate of public convenience and necessity beyond its extraterritorial jurisdiction if an owner of land that is located wholly or partly outside the extraterritorial jurisdiction elects

to exclude some or all of the landowner's property within a proposed service area in accordance with Section 13.246(h). This subsection does not apply to a transfer of a certificate as approved by the commission. [A municipality that seeks to extend a certificate of public convenience and necessity beyond the municipality's extraterritorial jurisdiction must ensure that the municipality complies with Section 13.241 in relation to the area covered by the portion of the certificate that extends beyond the municipality's extraterritorial jurisdiction.]

SECTION _____. Section 13.246(h), Water Code, is amended to read as follows:

(h) Except as provided by Subsection (i), a landowner who owns a tract of land that is at least 25 acres and that is wholly or partially located within the proposed service area may elect to exclude some or all of the landowner's property from the proposed service area by providing written notice to the commission before the 30th day after the date the landowner receives notice of a new application for a certificate of public convenience and necessity or for an amendment to an existing certificate of public convenience and necessity. The landowner's election is effective without a further hearing or other process by the commission. If a landowner makes an election under this subsection, the application shall be modified so that the electing landowner's property is not included in the proposed service area. An applicant for a certificate of public convenience and necessity that has land removed from its proposed certificated service area because of a landowner's election under this subsection may not be required to provide service to the removed land for any reason, including the violation of law or commission rules by the water or sewer system of another person.

SECTION _____. The changes made by this Act to Sections 13.245, 13.2451, 13.246, and 13.254, Water Code, apply only to:

(1) a retail public utility's application for a certificate of public convenience and necessity for a service area in the extraterritorial jurisdiction of a municipality that is made on or after the effective date of this Act;

(2) an extension of a municipality's certificate of public convenience and necessity for a service area in the extraterritorial jurisdiction of the municipality on or after the effective date of this Act; and

(3) a petition to release an area from a certificate of public convenience and necessity that is made on or after the effective date of this Act.

CSSB 573 - (consideration continued)

CSSB 573 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE D. MILLER: I appreciate you bringing this measure before the house and letting us have some debate on it for consideration. Let me just ask you, do you believe that this bill will have a detrimental effect, or a detrimental impact should I say, on water or water and sewer systems' ability to obtain financing for new infrastructure?

REPRESENTATIVE CREIGHTON: I don't. I don't believe there will be a negative impact. You know, I understand, Representative Miller—you and I have had some conversations about federal loans that are in place to be able to assist water supply corporations and water providers within CCNs to be able to finance these projects—and no, I don't believe this bill will have any negative effect. In fact, current law, which this bill does not change, allows for CCN holders that have a federal loan to be compensated if they show that they've got pipes in the ground and they've got infrastructure in place. In fact, under the decertification process and guidelines under the Water Code, Section 13.254, the very first provision that's considered on a decertification application is the amount of the retail public utility's debt. So, if the property owner wants out of the CCN—their 25 acres or more—there's a federal loan that's assisting the CCN holder, but the pipes are over here and the property owner is well in another location that's not going to receive service. They're unable to get them service. That debt, as well as the impact on the future consumer base, would be considered.

D. MILLER: Well, Chairman Creighton—and I certainly don't disagree with you and your knowledge of the law as far as people being able to go through the process and decertify—but are you aware, and I think you may be, of a letter from the U.S. Department of Agriculture-Rural Development to Chairman Ritter?

CREIGHTON: Yes, I am.

D. MILLER: And, in that letter, the state director says that in the last three years there has been an investment of \$94 million in low-interest loans and grants to finance these programs that helped over 200,000 Texans. Are you aware of that?

CREIGHTON: Yes, I am. It's a very valuable resource for water providers and their customers.

D. MILLER: Now, are you also aware that they take a lien on the entire service area for which the debtor has a certificate?

CREIGHTON: Yes, I'm aware of that.

D. MILLER: And are you also aware that when they take into consideration, before they make that loan for that CCN, that that whole area is part of the asset that they're taking a lien on?

CREIGHTON: Yes, I'm aware of that, as well. The federal loan, of course, takes into consideration, within the CCN, and they consider that collateral—the entire area—but they also consider, on the front end, the current ability to pay and the financial wherewithal of the CCN applicant or the federal loan applicant that has the CCN. And so they've got to prove up their financial ability on the front end, and it's up to good planning and good rates and providing a good marketplace for whether or not those customers stay in that area.

D. MILLER: And are you aware that under Title 7, Section 1926(b), that the federal law protects the federal government's interest in that property?

CREIGHTON: I am, Representative Miller—and it's a good point. The federal statute is there for a reason and it protects the CCN holder that has a federal loan in place. I agree, again, that that's collateral for that loan, but keep in mind, under the holding in Creedmoor, which is a very recent holding, there was a three-part test that had to do with whether or not that statute trumped a decertification process. And the reason why it did not is, under that three-part test, the third part of the test, or the third step, was whether or not there were pipes in the ground.

D. MILLER: I agree, and that's the point I wanted to come to, the fact that they are making a decision about loaning the money or not loaning the money, which is not a federal mandate. But would you agree that that is a factor—that will be a factor going forward if we pass this statute?

CREIGHTON: It very much is a factor going forward, and this bill protects CCNs in the sense that it does not change the current compensation process. And so any infrastructure that's in place, to serve a plat in a CCN that is backed by a federal loan where a tract is to be decertified, or the CCNs to be certified, or part of that land—or opted out—that CCN holder carrying that federal loan will be compensated under current statute, and this bill does nothing to change that.

REMARKS ORDERED PRINTED

Representative D. Miller moved to print remarks between Representative Creighton and Representative D. Miller.

The motion prevailed.

CSSB 573, as amended, was passed to third reading. (Gooden, Kuempel, and Price recorded voting no.)

SECTION 11. Subchapter D, Chapter 46B, Code of Criminal Procedure, is amended by adding Article 46B.0755 to read as follows:

Art. 46B.0755. PROCEDURES ON CREDIBLE EVIDENCE OF IMMEDIATE RESTORATION. (a) Notwithstanding any other provision of this subchapter, if the court receives credible evidence indicating that the defendant has been restored to competency at any time after the defendant's incompetency trial under Subchapter C but before the defendant is transported under Article 46B.075 to a mental health facility, residential care facility, or outpatient treatment program, as applicable, the court may appoint disinterested experts to reexamine the defendant in accordance with Subchapter B. The court is not required to appoint the same expert or experts who performed the initial examination of the defendant under that subchapter.

(b) If after a reexamination of the defendant the applicable expert's report states an opinion that the defendant remains incompetent, the court's order under Article 46B.072 or 46B.073 remains in effect, and the defendant shall be transported to the facility or outpatient treatment program as required by Article 46B.075. If after a reexamination of the defendant the applicable expert's report states an opinion that the defendant has been restored to competency, the court shall withdraw its order under Article 46B.072 or 46B.073 and proceed under Subsection (c) or (d).

(c) The court shall find the defendant competent to stand trial and proceed in the same manner as if the defendant had been found restored to competency at a hearing if:

(1) both parties agree that the defendant is competent to stand trial; and

(2) the court concurs.

(d) The court shall hold a hearing to determine whether the defendant has been restored to competency if any party fails to agree or if the court fails to concur that the defendant is competent to stand trial. If a court holds a hearing under this subsection, on the request of the counsel for either party or the motion of the court, a jury shall make the competency determination. For purposes of the hearing, incompetency is presumed, and the defendant's competency must be proved by a preponderance of the evidence. If after the hearing the defendant is again found to be incompetent to stand trial, the court shall issue a new order under Article 46B.072 or 46B.073, as appropriate based on the defendant's current condition.

SECTION 12. Article 46B.077(a), Code of Criminal Procedure, is amended to read as follows:

(a) The facility to which the defendant is committed or the outpatient treatment program to which the defendant is released on bail shall:

(1) develop an individual program of treatment;

(2) assess and evaluate whether the defendant is likely to be restored to ~~[will obtain]~~ competency in the foreseeable future; and

(3) report to the court and to the local mental health authority or to the local mental retardation authority on the defendant's progress toward achieving competency.

SECTION 13. Article 46B.079, Code of Criminal Procedure, is amended to read as follows:

Art. 46B.079. NOTICE AND REPORT TO COURT. (a) The head of the facility or the provider of the outpatient treatment program, as appropriate, not later than the 15th day before the date on which the initial [a] restoration period is to expire according to the terms of the order or under Article 46B.0095 or other applicable provisions of this chapter, shall notify the applicable court that the ~~[restoration]~~ period is about to expire.

(b) The head of the facility or outpatient treatment program provider shall promptly notify the court when the head of the facility or outpatient treatment program provider believes that:

(1) the defendant has attained competency to stand trial; or

(2) the defendant is not likely to ~~[will not]~~ attain competency in the foreseeable future.

(c) When the head of the facility or outpatient treatment program provider gives notice to the court under Subsection (a) or (b), the head of the facility or outpatient treatment program provider also shall file a final report with the court stating the reason for the proposed discharge under this chapter and including a list of the types and dosages of medications prescribed for ~~[with which]~~ the defendant ~~[was treated for mental illness]~~ while the defendant was in the facility or participating in the outpatient treatment program. To enable any objection to

the findings of the report to be made in a timely manner under Article 46B.084(a), the court shall provide copies of the report to the attorney representing the defendant and the attorney representing the state.

(d) If the head of the facility or outpatient treatment program provider notifies the court that the initial restoration period is about to expire, the notice may contain a request for an extension of the period for an additional period of 60 days and an explanation for the basis of the request. An explanation provided under this subsection must include a description of any evidence indicating a reduction in the severity of the defendant's symptoms or impairment.

SECTION 14. Articles 46B.080(b) and (c), Code of Criminal Procedure, are amended to read as follows:

(b) The court may enter an order under Subsection (a) only if the court determines that~~[-on the basis of information provided by the head of the facility or the treatment program provider]:~~

- (1) the defendant has not attained competency; and
- (2) an extension of the initial restoration period will likely enable the facility or program to restore the defendant to competency within the period of the extension.

(c) The court may grant only one 60-day extension under this article in connection with the specific offense with which the defendant is charged ~~[for a period of restoration ordered under this subchapter].~~

SECTION 15. Article 46B.084(a), Code of Criminal Procedure, is amended to read as follows:

(a) On the return of a defendant to the court, the court shall make a determination with regard to the defendant's competency to stand trial. The court may make the determination based ~~[solely]~~ on the report filed under Article 46B.079(c) and on other medical information or personal history information relating to the defendant. ~~A[-unless any] party may object [objects]~~ in writing or in open court to the findings of the report not later than the 15th day after the date on which the court received notification under Article 46B.079. The court shall make the determination not later than the 20th day after the date on which the court received notification under Article 46B.079, regardless of whether a party objects to the report as described by this subsection and the issue is set for hearing under Subsection (b).

SECTION 16. Article 46B.086(a), Code of Criminal Procedure, is amended to read as follows:

(a) This article applies only to a defendant:

(1) who is determined under this chapter to be incompetent to stand trial;

(2) who either:

(A) remains confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer to an inpatient mental health facility, a residential care facility, or an outpatient treatment program;

(B) is committed to an inpatient mental health facility or a residential care facility for the purpose of competency restoration;

(C) is confined in a correctional facility while awaiting further criminal proceedings following competency restoration treatment; or

(D) is subject to Article 46B.072, if the court has made the determinations required by Subsection (a-1) [~~(a)~~] of that article;

(3) for whom a correctional facility that employs or contracts with a licensed psychiatrist, an inpatient mental health facility, a residential care facility, or an outpatient treatment program provider has prepared a continuity of care plan that requires the defendant to take psychoactive medications; and

(4) who, after a hearing held under Section 574.106, Health and Safety Code, if applicable, has been found to not meet the criteria prescribed by Sections 574.106(a) and (a-1), Health and Safety Code, for court-ordered administration of psychoactive medications.

SECTION 17. Article 46B.101, Code of Criminal Procedure, is amended to read as follows:

Art. 46B.101. APPLICABILITY. This subchapter applies to a defendant against whom a court is required to proceed according to [under] Article 46B.084(e) or according to the court's appropriate determination under Article 46B.071.

SECTION 18. Article 46B.151(a), Code of Criminal Procedure, is amended to read as follows:

(a) If a court is required by Article 46B.084(f) or by its appropriate determination under Article 46B.071 to proceed under this subchapter, or if the court is permitted by Article 46B.004(e) to proceed under this subchapter, the court shall determine whether there is evidence to support a finding that the defendant is either a person with mental illness or a person with mental retardation.

SECTION 19. The Department of State Health Services, in coordination with the Health and Human Services Commission, shall study the feasibility of providing home and community-based services, instead of institutional care, to persons with severe and persistent mental illness who have a history of more than one inpatient commitment under Chapter 46B, Code of Criminal Procedure. Not later than December 1, 2012, the department shall issue a report to the legislature regarding the results of the feasibility study.

SECTION 20. The change in law made by this Act applies only to a defendant with respect to whom any proceeding under Chapter 46B, Code of Criminal Procedure, is conducted on or after the effective date of this Act.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 2651.012(a)(2), Insurance Code, is amended to read as follows:

(2) "Unencumbered assets" means:

(A) cash or cash equivalents;

(B) liquid assets that have a readily determinable market value and that do not have any lien against them;

(C) real estate, in excess of any encumbrances;

(D) investments, such as mutual funds, certificates of deposit, and stocks and bonds;

(E) a surety bond, the form and content of which shall be prescribed by the commissioner in accordance with this code;

(F) a deposit made in accordance with Section 2651.102; ~~and~~

(G) a letter of credit that meets the requirements of Section 493.104(b)(2)(C); and

(H) a solvency account that meets the requirements of Section 2651.0121.

SECTION 2. Section 2651.012(b), Insurance Code, is amended to read as follows as follows:

(b) The unencumbered assets required under this section are reserves for contingencies. The reserves must be deducted from premiums for purposes of proceedings conducted under Subchapter D, Chapter 2703. The reserves may only be spent or released:

(1) as permitted by the commissioner if the agent is declared impaired;

(2) if the agent merges or consolidates with another agent who maintains the amount of unencumbered assets that would be required for the survivor of the merger or consolidation;

(3) if the agent surrenders the agent's license under Section 2651.201 ~~[and the rules adopted under that section]; [or]~~

(4) if the agent is liquidated; or

(5) if the agent's license is revoked.

SECTION 3. Subchapter A, Chapter 2651, Insurance Code, is amended by adding Section 2651.0121 to read as follows:

Sec. 2651.0121. SOLVENCY ACCOUNT. (a) An agent may maintain a solvency account to accrue and hold unencumbered assets as provided by this section.

(b) An account under this section must be:

(1) in a financial institution in this state that is insured by an agency of the United States;

(2) accessible only to the department, on order of the commissioner; and

(3) audited in the same manner provided for trust funds by Section 2651.151.

(c) Subject to Subsection (d), an account under this section may be established by an initial deposit in an amount less than the amount provided by Section 2651.012(c).

(d) An account established by an initial deposit of an amount less than the amount provided by Section 2651.012(c) must be funded with a minimum deposit in the amount for each policy of title insurance issued by the agent that is equal to the greater of \$5 or one percent of the agent's portion of the retained premium received by the agent rounded to the nearest whole dollar.

(e) Deposits to the account must be made at least quarterly and must be made from and based on the agent's portion of retained premiums collected during the calendar quarter during which premiums were collected.

(f) Interest that accrues in an account the principal balance of which is less than the amount provided by Section 2651.012(c) must be retained in the account. Interest that accrues in an account the principal balance of which is greater than the amount provided by Section 2651.012(c) shall be paid to the agent maintaining the account.

(g) The commissioner may issue an order to access or release funds held in an account under this section if any of the events described by Section 2651.012(b) occur.

(h) The commissioner by rule shall adopt procedures and requirements for the release, transfer, or expenditure of the funds held in an account. The rules must establish the procedures and requirements by which the department shall account for any expenditures that the department makes from an account or funds transferred by the department to a third party.

(i) If an agent or an agent's principal office voluntarily ceases to engage in business, surrenders the agent's license, and liquidates the agent's assets, the agent may apply to the department in a form prescribed by the commissioner by rule for the release of the agent's solvency account.

(j) Not later than the 60th day after the date the department receives an application under Subsection (i), provided that the title agent complied with all applicable rules adopted under Subsection (h), the commissioner shall enter an order authorizing the financial institution in which the solvency account is held to release all or part of the account balance to the agent or the agent's principal office. If the commissioner does not enter the order within that 60-day period, the application is denied.

(k) An agent may appeal an order of the commissioner or denial of an application without an order by filing a petition in a district court of Travis County to seek injunctive or other relief against the commissioner.

(l) An account established, funded, and maintained as provided by this section complies with the requirement for maintenance of unencumbered assets under Section 2651.012(c), regardless of whether the amount required by that section is fully accrued. The amount required by Section 2651.012(c) may be accrued in an account as provided by this section according to the schedule established by Section 2651.012(g) or as provided by the commissioner by rule under Section 2651.012(j).

(m) In a home office issue transaction in which a title insurance company issues a policy of title insurance, an agent who closes the transaction and remits premium to the title insurance company shall make the deposit required by this section. SECTION 4. Section 2651.158, Insurance Code, is amended to read as follows:

Sec. 2651.158. CERTIFICATION OF UNENCUMBERED ASSETS. (a) Unless the agent has elected to make a deposit with the department under Section 2651.012(f), the annual audit of escrow accounts must be accompanied by a certification by the title insurance agent or direct operation ~~[a certified public accountant]~~ that the title insurance agent has the appropriate unencumbered assets in excess of liabilities, exclusive of the value of its abstract plants, as required by Section 2651.012.

(b) The commissioner by rule shall establish:

~~[(1) a procedure to be used to determine the value of categories of assets; and~~

~~[(2)] the method by which the certification required by this section must be made, which shall not include an audit of operating accounts or a certification by a certified public accountant.~~

SECTION 5. As soon as practicable after the effective date of this Act, but not later than January 1, 2012, the commissioner of insurance shall promulgate rules and forms governing the operation of a solvency account under Section 2651.0121, Insurance Code, as added by this Act.

SECTION 6. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2011.

(2) require an eligible defendant to discharge all or part of those costs by performing community service under Article 45.049 or 45.0492; or

(7) other activities that are reasonably necessary to enable the executive director and the staff to perform their duties.

SECTION 2.04. Section 13.014, Water Code, is amended to read as follows:

Sec. 13.014. ATTORNEY GENERAL TO REPRESENT COMMISSION OR UTILITY COMMISSION. The attorney general shall represent the commission or the utility commission under this chapter in all matters before the state courts and any court of the United States.

SECTION 2.05. Subchapter B, Chapter 13, Water Code, is amended by adding Section 13.017 to read as follows:

(8) may recommend legislation to the legislature that the office determines would positively affect the interests of residential and small commercial consumers.

(c) This section does not limit the authority of the utility commission to represent residential or small commercial consumers.

(d) The appearance of the counsellor in a proceeding does not preclude the appearance of other parties on behalf of residential or small commercial consumers. The counsellor may not be grouped with any other party.

SECTION 2.06. Section 13.041, Water Code, is amended to read as follows:

Sec. 13.041. GENERAL POWERS OF UTILITY COMMISSION AND COMMISSION ~~[POWER]~~; RULES; HEARINGS. (a) The utility commission may regulate and supervise the business of each [every] water and sewer utility within its jurisdiction, including ratemaking and other economic regulation. The commission shall regulate water and sewer utilities within its jurisdiction to ensure safe drinking water and environmental protection. The utility commission and the commission [and] may do all things, whether specifically designated in this chapter or implied in this chapter, necessary and convenient to the exercise of these powers [this power] and jurisdiction. The utility commission may consult with the commission as necessary in carrying out its duties related to the regulation of water and sewer utilities.

(b) The commission and the utility commission shall adopt and enforce rules reasonably required in the exercise of [its] powers and jurisdiction of each agency, including rules governing practice and procedure before the commission and the utility commission.

(c) The commission and the utility commission may call and hold hearings, administer oaths, receive evidence at hearings, issue subpoenas to compel the attendance of witnesses and the production of papers and documents, and make findings of fact and decisions with respect to administering this chapter or the rules, orders, or other actions of the commission or the utility commission.

(d) The utility commission may issue emergency orders, with or without a hearing:

(1) to compel a water or sewer service provider that has obtained or is required to obtain a certificate of public convenience and necessity to provide continuous and adequate water service, sewer service, or both, if the discontinuance of the service is imminent or has occurred because of the service provider's actions or failure to act; and

(2) to compel a retail public utility to provide an emergency interconnection with a neighboring retail public utility for the provision of temporary water or sewer service, or both, for not more than 90 days if service discontinuance or serious impairment in service is imminent or has occurred.

(e) The utility commission may establish reasonable compensation for the temporary service required under Subsection (d)(2) [of this section] and may allow the retail public utility receiving the service to make a temporary adjustment to its rate structure to ensure proper payment.

(f) If an order is issued under Subsection (d) without a hearing, the order shall fix a time, as soon after the emergency order is issued as is practicable, and place for a hearing to be held before the utility commission.

(g) The regulatory assessment required by Section 5.701(n) ~~[5.235(n) of this code]~~ is not a rate and is not reviewable by the utility commission under Section 13.043 ~~[of this code]~~. The commission has the authority to enforce payment and collection of the regulatory assessment.

SECTION 2.07. Section 13.042, Water Code, is amended to read as follows:

Sec. 13.042. JURISDICTION OF MUNICIPALITY; ORIGINAL AND APPELLATE JURISDICTION OF UTILITY COMMISSION. (a) Subject to the limitations imposed in this chapter and for the purpose of regulating rates and services so that those rates may be fair, just, and reasonable and the services adequate and efficient, the governing body of each municipality has exclusive original jurisdiction over all water and sewer utility rates, operations, and services provided by a water and sewer utility within its corporate limits.

(b) The governing body of a municipality by ordinance may elect to have the utility commission exercise exclusive original jurisdiction over the utility rates, operation, and services of utilities, within the incorporated limits of the municipality.

(c) The governing body of a municipality that surrenders its jurisdiction to the utility commission may reinstate its jurisdiction by ordinance at any time after the second anniversary of the date on which the municipality surrendered its jurisdiction to the utility commission, except that the municipality may not reinstate its jurisdiction during the pendency of a rate proceeding before the utility commission. The municipality may not surrender its jurisdiction again until the second anniversary of the date on which the municipality reinstates jurisdiction.

(d) The utility commission shall have exclusive appellate jurisdiction to review orders or ordinances of those municipalities as provided in this chapter.

(e) The utility commission shall have exclusive original jurisdiction over water and sewer utility rates, operations, and services not within the incorporated limits of a municipality exercising exclusive original jurisdiction over those rates, operations, and services as provided in this chapter.

(f) This subchapter does not give the utility commission power or jurisdiction to regulate or supervise the rates or service of a utility owned and operated by a municipality, directly or through a municipally owned corporation, within its corporate limits or to affect or limit the power, jurisdiction, or duties of a municipality that regulates land and supervises water and sewer utilities within its corporate limits, except as provided by this code.

SECTION 2.08. Subsections (a), (b), (c), (e), (f), (g), and (j), Section 13.043, Water Code, are amended to read as follows:

(a) Any party to a rate proceeding before the governing body of a municipality may appeal the decision of the governing body to the utility commission. This subsection does not apply to a municipally owned utility. An appeal under this subsection must be initiated within 90 days after the date of

notice of the final decision by the governing body by filing a petition for review with the utility commission and by serving copies on all parties to the original rate proceeding. The utility commission shall hear the appeal de novo and shall fix in its final order the rates the governing body should have fixed in the action from which the appeal was taken and may include reasonable expenses incurred in the appeal proceedings. The utility commission may establish the effective date for the utility commission's rates at the original effective date as proposed by the utility provider and may order refunds or allow a surcharge to recover lost revenues. The utility commission may consider only the information that was available to the governing body at the time the governing body made its decision and evidence of reasonable expenses incurred in the appeal proceedings.

(b) Ratepayers of the following entities may appeal the decision of the governing body of the entity affecting their water, drainage, or sewer rates to the utility commission:

(1) a nonprofit water supply or sewer service corporation created and operating under Chapter 67;

(2) a utility under the jurisdiction of a municipality inside the corporate limits of the municipality;

(3) a municipally owned utility, if the ratepayers reside outside the corporate limits of the municipality;

(4) a district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution that provides water or sewer service to household users; and

(5) a utility owned by an affected county, if the ratepayer's rates are actually or may be adversely affected. For the purposes of this section ratepayers who reside outside the boundaries of the district or authority shall be considered a separate class from ratepayers who reside inside those boundaries.

(c) An appeal under Subsection (b) [~~of this section~~] must be initiated by filing a petition for review with the utility commission and the entity providing service within 90 days after the effective day of the rate change or, if appealing under Subdivision (b)(2) or (5) [~~of this section~~], within 90 days after the date on which the governing body of the municipality or affected county makes a final decision. The petition must be signed by the lesser of 10,000 or 10 percent of those ratepayers whose rates have been changed and who are eligible to appeal under Subsection (b) [~~of this section~~].

(e) In an appeal under Subsection (b) [~~of this section~~], the utility commission shall hear the appeal de novo and shall fix in its final order the rates the governing body should have fixed in the action from which the appeal was taken. The utility commission may establish the effective date for the utility commission's rates at the original effective date as proposed by the service provider, may order refunds or allow a surcharge to recover lost revenues, and may allow recovery of reasonable expenses incurred by the retail public utility in the appeal proceedings. The utility commission may consider only the information that was available to the governing body at the time the governing body made its decision and evidence of reasonable expenses incurred by the retail public utility in the appeal proceedings. The rates established by the utility

commission in an appeal under Subsection (b) ~~[of this section]~~ remain in effect until the first anniversary of the effective date proposed by the retail public utility for the rates being appealed or until changed by the service provider, whichever date is later, unless the utility commission determines that a financial hardship exists.

(f) A retail public utility that receives water or sewer service from another retail public utility or political subdivision of the state, including an affected county, may appeal to the utility commission a decision of the provider of water or sewer service affecting the amount paid for water or sewer service. An appeal under this subsection must be initiated within 90 days after the date of notice of the decision is received from the provider of water or sewer service by the filing of a petition by the retail public utility.

(g) An applicant for service from an affected county or a water supply or sewer service corporation may appeal to the utility commission a decision of the county or water supply or sewer service corporation affecting the amount to be paid to obtain service other than the regular membership or tap fees. In addition to the factors specified under Subsection (j), in an appeal brought under this subsection the utility commission shall determine whether the amount paid by the applicant is consistent with the tariff of the water supply or sewer service corporation and is reasonably related to the cost of installing on-site and off-site facilities to provide service to that applicant. If the utility commission finds the amount charged to be clearly unreasonable, it shall establish the fee to be paid for that applicant. An appeal under this subsection must be initiated within 90 days after the date written notice is provided to the applicant or member of the decision of an affected county or water supply or sewer service corporation relating to the applicant's initial request for that service. A determination made by the utility commission on an appeal under this subsection is binding on all similarly situated applicants for service, and the utility commission may not consider other appeals on the same issue until the applicable provisions of the tariff of the water supply or sewer service corporation are amended.

(j) In an appeal under this section, the utility commission shall ensure that every rate made, demanded, or received by any retail public utility or by any two or more retail public utilities jointly shall be just and reasonable. Rates shall not be unreasonably preferential, prejudicial, or discriminatory but shall be sufficient, equitable, and consistent in application to each class of customers. The utility commission shall use a methodology that preserves the financial integrity of the retail public utility. For agreements between municipalities the utility commission shall consider the terms of any wholesale water or sewer service agreement in an appellate rate proceeding.

SECTION 2.09. Subsection (b), Section 13.044, Water Code, is amended to read as follows:

(b) Notwithstanding the provisions of any resolution, ordinance, or agreement, a district may appeal the rates imposed by the municipality by filing a petition with the utility commission. The utility commission shall hear the appeal de novo and the municipality shall have the burden of proof to establish that the

rates are just and reasonable. The utility commission shall fix the rates to be charged by the municipality and the municipality may not increase such rates without the approval of the utility commission.

SECTION 2.10. Section 13.046, Water Code, is amended to read as follows:

Sec. 13.046. TEMPORARY RATES FOR SERVICES PROVIDED FOR NONFUNCTIONING SYSTEM; SANCTIONS FOR NONCOMPLIANCE.

(a) The utility commission by rule shall establish a procedure that allows a retail public utility that takes over the provision of services for a nonfunctioning retail water or sewer utility service provider to charge a reasonable rate for the services provided to the customers of the nonfunctioning system and to bill the customers for the services at that rate immediately to recover service costs.

(b) The rules must provide a streamlined process that the retail public utility that takes over the nonfunctioning system may use to apply to the utility commission for a ruling on the reasonableness of the rates the utility is charging under Subsection (a). The process must allow for adequate consideration of costs for interconnection or other costs incurred in making services available and of the costs that may necessarily be incurred to bring the nonfunctioning system into compliance with utility commission and commission rules.

(c) The utility commission shall provide a reasonable period for the retail public utility that takes over the nonfunctioning system to bring the nonfunctioning system into compliance with utility commission and commission rules during which the utility commission or the commission may not impose a penalty for any deficiency in the system that is present at the time the utility takes over the nonfunctioning system. The utility commission must consult with the utility before determining the period and may grant an extension of the period for good cause.

SECTION 2.11. Subchapter C, Chapter 13, Water Code, is amended by adding Section 13.047 to read as follows:

Sec. 13.047. REVIEW AND ORDER FOR CERTAIN WHOLESALE WATER RATES. (a) A conservation and reclamation district that provides potable water service to district customers may file an application with the utility commission requesting a review of the rate a supplier of raw or treated surface water or groundwater charges the district to determine whether the rate adversely affects the public interest.

(b) The utility commission shall presume that the rate adversely affects the public interest if it is shown on hearing that the rate the supplier charges the district at the time the application is made is at least 50 percent higher than the rate charged at any time during the 36-month period before the date of the application. The utility commission shall determine the rate the supplier charges the district adversely affects the public interest if the utility commission determines:

(1) the protested rate impairs the district's ability to continue to provide service to its retail customers, based on the district's financial integrity and operational capability;

(2) the rate evidences the supplier's abuse of monopoly power in the supplier's provision of water to the district after weighing all relevant factors, including:

(A) the disparate bargaining power of the parties, including the district's alternative means, alternative costs, environmental impact, regulatory issues, and problems of obtaining alternative supplies of water;

(B) whether the supplier failed to reasonably demonstrate the changed conditions that are the basis for a change in rates;

(C) whether the supplier changed the computation of the revenue requirement or rate from one methodology to another;

(D) where the supplier demands the rate in accordance with a contract, whether other valuable consideration was paid or received by a party incident to that contract;

(E) incentives necessary to encourage regional projects or water conservation measures;

(F) the supplier's obligation to meet federal and state wastewater discharge and drinking water standards;

(G) the rates charged in this state by other similarly situated suppliers of water for resale; and

(H) the supplier's rates for water charged to the supplier's retail customers, if any, compared to the retail rates the district charges the district's retail customers as a result of the wholesale rate the supplier demands from the district; or

(3) the rate is unreasonably preferential, prejudicial, or discriminatory, compared to the wholesale rates the supplier charges other wholesale customers.

(c) If the utility commission finds on hearing the application that the rate adversely affects the public interest or if the rate is presumed to adversely affect the public interest as provided by Subsection (b), the utility commission by order shall fix a just and reasonable rate at which the supplier may charge the district. In fixing the rate, the utility commission shall use a methodology that preserves the financial integrity of the supplier.

SECTION 2.12. Section 13.081, Water Code, is amended to read as follows:

Sec. 13.081. FRANCHISES. This chapter may not be construed as in any way limiting the rights and powers of a municipality to grant or refuse franchises to use the streets and alleys within its limits and to make the statutory charges for their use, but no provision of any franchise agreement may limit or interfere with any power conferred on the utility commission by this chapter. If a municipality performs regulatory functions under this chapter, it may make such other charges as may be provided in the applicable franchise agreement, together with any other charges permitted by this chapter.

SECTION 2.13. Section 13.082, Water Code, is amended to read as follows:

Sec. 13.082. LOCAL UTILITY SERVICE; EXEMPT AND NONEXEMPT AREAS. (a) Notwithstanding any other provision of this section, municipalities shall continue to regulate each kind of local utility service inside their boundaries until the utility commission has assumed jurisdiction over the respective utility pursuant to this chapter.

(b) If a municipality does not surrender its jurisdiction, local utility service within the boundaries of the municipality shall be exempt from regulation by the utility commission under this chapter to the extent that this chapter applies to local service, and the municipality shall have, regarding service within its boundaries, the right to exercise the same regulatory powers under the same standards and rules as the utility commission or other standards and rules not inconsistent with them. The utility commission's rules relating to service and response to requests for service for utilities operating within a municipality's corporate limits apply unless the municipality adopts its own rules.

(c) Notwithstanding any election, the utility commission may consider water and sewer utilities' revenues and return on investment in exempt areas in fixing rates and charges in nonexempt areas and may also exercise the powers conferred necessary to give effect to orders under this chapter for the benefit of nonexempt areas. Likewise, in fixing rates and charges in the exempt area, the governing body may consider water and sewer utilities' revenues and return on investment in nonexempt areas.

(d) Utilities serving exempt areas are subject to the reporting requirements of this chapter. Those reports and tariffs shall be filed with the governing body of the municipality as well as with the utility commission.

(e) This section does not limit the duty and power of the utility commission to regulate service and rates of municipally regulated water and sewer utilities for service provided to other areas in Texas.

SECTION 2.14. Section 13.085, Water Code, is amended to read as follows:

Sec. 13.085. ASSISTANCE BY UTILITY COMMISSION. On request, the utility commission may advise and assist a municipality, an affected county, and a county with a population of more than four million [~~municipalities and affected counties~~] in connection with questions and proceedings arising under this chapter. This assistance may include aid [~~to municipalities or an affected county~~] in connection with matters pending before the utility commission, the courts, the governing body of any municipality, [~~or~~] the commissioners court of an affected county, or the commissioners court of a county with a population of more than four million, including making members of the staff available to them as witnesses and otherwise providing evidence.

SECTION 2.15. Subsection (c), Section 13.087, Water Code, is amended to read as follows:

(c) Notwithstanding any other provision of this chapter, the utility commission has jurisdiction to enforce this section.

SECTION 2.16. Subsections (a), (b), (c), and (e), Section 13.131, Water Code, are amended to read as follows:

(a) Every water and sewer utility shall keep and render to the regulatory authority in the manner and form prescribed by the utility commission uniform accounts of all business transacted. The utility commission may also prescribe forms of books, accounts, records, and memoranda to be kept by those utilities, including the books, accounts, records, and memoranda of the rendition of and capacity for service as well as the receipts and expenditures of money, and any other forms, records, and memoranda that in the judgment of the utility commission may be necessary to carry out this chapter.

(b) In the case of a utility subject to regulation by a federal regulatory agency, compliance with the system of accounts prescribed for the particular class of utilities by that agency may be considered a sufficient compliance with the system prescribed by the utility commission. However, the utility commission may prescribe forms of books, accounts, records, and memoranda covering information in addition to that required by the federal agency. The system of accounts and the forms of books, accounts, records, and memoranda prescribed by the utility commission for a utility or class of utilities may not conflict or be inconsistent with the systems and forms established by a federal agency for that utility or class of utilities.

(c) The utility commission shall fix proper and adequate rates and methods of depreciation, amortization, or depletion of the several classes of property of each utility and shall require every utility to carry a proper and adequate depreciation account in accordance with those rates and methods and with any other rules the utility commission prescribes. Rules adopted under this subsection must require the book cost less net salvage of depreciable utility plant retired to be charged in its entirety to the accumulated depreciation account in a manner consistent with accounting treatment of regulated electric and gas utilities in this state. Those rates, methods, and accounts shall be utilized uniformly and consistently throughout the rate-setting and appeal proceedings.

(e) Every utility is required to keep and render its books, accounts, records, and memoranda accurately and faithfully in the manner and form prescribed by the utility commission and to comply with all directions of the regulatory authority relating to those books, accounts, records, and memoranda. The regulatory authority may require the examination and audit of all accounts.

SECTION 2.17. Section 13.132, Water Code, is amended to read as follows:

Sec. 13.132. POWERS OF UTILITY COMMISSION. (a) The utility commission may:

(1) require that water and sewer utilities report to it any information relating to themselves and affiliated interests both inside and outside this state that it considers useful in the administration of this chapter;

(2) establish forms for all reports;

(3) determine the time for reports and the frequency with which any reports are to be made;

(4) require that any reports be made under oath;

(5) require that a copy of any contract or arrangement between any utility and any affiliated interest be filed with it and require that such a contract or arrangement that is not in writing be reduced to writing;

(6) require that a copy of any report filed with any federal agency or any governmental agency or body of any other state be filed with it; and

(7) require that a copy of annual reports showing all payments of compensation, other than salary or wages subject to the withholding of federal income tax, made to residents of Texas, or with respect to legal, administrative, or legislative matters in Texas, or for representation before the Texas Legislature or any governmental agency or body be filed with it.

(b) On the request of the governing body of any municipality, the utility commission may provide sufficient staff members to advise and consult with the municipality on any pending matter.

SECTION 2.18. Subsection (b), Section 13.133, Water Code, is amended to read as follows:

(b) The regulatory authority may require, by order or subpoena served on any utility, the production within this state at the time and place it may designate of any books, accounts, papers, or records kept by that utility outside the state or verified copies of them if the regulatory authority [~~commission~~] so orders. A utility failing or refusing to comply with such an order or subpoena violates this chapter.

SECTION 2.19. Subsections (b) and (c), Section 13.136, Water Code, are amended to read as follows:

(b) Each utility annually shall file a service and financial report in a form and at times specified by utility commission rule.

(c) Every water supply or sewer service corporation shall file with the utility commission tariffs showing all rates that are subject to the appellate jurisdiction of the utility commission and that are in force at the time for any utility service, product, or commodity offered. Every water supply or sewer service corporation shall file with and as a part of those tariffs all rules and regulations relating to or affecting the rates, utility service, product, or commodity furnished. The filing required under this subsection shall be for informational purposes only.

SECTION 2.20. Section 13.137, Water Code, is amended to read as follows:

Sec. 13.137. OFFICE AND OTHER BUSINESS LOCATIONS OF UTILITY; RECORDS; REMOVAL FROM STATE. (a) Every utility shall:

(1) make available and notify its customers of a business location where its customers may make payments to prevent disconnection of or to restore service:

(A) in each county in which the utility provides service; or

(B) not more than 20 miles from the residence of any residential customer if there is no location to receive payments in the county; and

(2) have an office in a county of this state or in the immediate area in which its property or some part of its property is located in which it shall keep all books, accounts, records, and memoranda required by the utility commission to be kept in this state.

(b) The utility commission by rule may provide for waiving the requirements of Subsection (a)(1) for a utility for which meeting those requirements would cause a rate increase or otherwise harm or inconvenience customers. The rules must provide for an additional 14 days to be given for a customer to pay before a utility that is granted a waiver may disconnect service for late payment.

(c) Books, accounts, records, or memoranda required by the regulatory authority to be kept in the state may not be removed from the state, except on conditions prescribed by the utility commission.

SECTION 2.21. Subsection (b), Section 13.139, Water Code, is amended to read as follows:

(b) The governing body of a municipality, as the regulatory authority for public utilities operating within its corporate limits, and the utility commission or the commission as the regulatory authority for public utilities operating outside the corporate limits of any municipality, after reasonable notice and hearing on its own motion, may:

(1) ascertain and fix just and reasonable standards, classifications, regulations, service rules, minimum service standards or practices to be observed and followed with respect to the service to be furnished;

(2) ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, or other condition pertaining to the supply of the service;

(3) prescribe reasonable regulations for the examination and testing of the service and for the measurement of service; and

(4) establish or approve reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters, instruments, and equipment used for the measurement of any utility service.

SECTION 2.22. Section 13.1395, Water Code, is amended by adding Subsection (m) to read as follows:

(m) The commission shall coordinate with the utility commission in the administration of this section.

SECTION 2.23. Subsection (b), Section 13.142, Water Code, is amended to read as follows:

(b) The utility commission shall adopt rules concerning payment of utility bills that are consistent with Chapter 2251, Government Code.

SECTION 2.24. Section 13.144, Water Code, is amended to read as follows:

Sec. 13.144. NOTICE OF WHOLESALE WATER SUPPLY CONTRACT. A district or authority created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution, a retail public utility, a wholesale water service, or other person providing a retail public utility with a wholesale water supply shall provide the utility commission and the commission with a certified copy of any

wholesale water supply contract with a retail public utility within 30 days after the date of the execution of the contract. The submission must include the amount of water being supplied, term of the contract, consideration being given for the water, purpose of use, location of use, source of supply, point of delivery, limitations on the reuse of water, a disclosure of any affiliated interest between the parties to the contract, and any other condition or agreement relating to the contract.

SECTION 2.25. Subsection (a), Section 13.147, Water Code, is amended to read as follows:

(a) A retail public utility providing water service may contract with a retail public utility providing sewer service to bill and collect the sewer service provider's fees and payments as part of a consolidated process with the billing and collection of the water service provider's fees and payments. The water service provider may provide that service only for customers who are served by both providers in an area covered by both providers' certificates of public convenience and necessity. If the water service provider refuses to enter into a contract under this section or if the water service provider and sewer service provider cannot agree on the terms of a contract, the sewer service provider may petition the utility commission to issue an order requiring the water service provider to provide that service.

SECTION 2.26. Subsection (b), Section 13.181, Water Code, is amended to read as follows:

(b) Subject to this chapter, the utility commission has all authority and power of the state to ensure compliance with the obligations of utilities under this chapter. For this purpose the regulatory authority may fix and regulate rates of utilities, including rules and regulations for determining the classification of customers and services and for determining the applicability of rates. A rule or order of the regulatory authority may not conflict with the rulings of any federal regulatory body. The utility commission may adopt rules which authorize a utility which is permitted under Section 13.242(c) to provide service without a certificate of public convenience and necessity to request or implement a rate increase and operate according to rules, regulations, and standards of service other than those otherwise required under this chapter provided that rates are just and reasonable for customers and the utility and that service is safe, adequate, efficient, and reasonable.

SECTION 2.27. Subsections (c) and (d), Section 13.182, Water Code, are amended to read as follows:

(c) For ratemaking purposes, the utility commission may treat two or more municipalities served by a utility as a single class wherever the utility commission considers that treatment to be appropriate.

(d) The utility commission by rule shall establish a preference that rates under a consolidated tariff be consolidated by region. The regions under consolidated tariffs must be determined on a case-by-case basis.

SECTION 2.28. Subsection (d), Section 13.183, Water Code, is amended to read as follows:

(d) A regulatory authority other than the utility commission may not approve an acquisition adjustment for a system purchased before the effective date of an ordinance authorizing acquisition adjustments.

SECTION 2.29. Subsection (a), Section 13.184, Water Code, is amended to read as follows:

(a) Unless the utility commission establishes alternate rate methodologies in accordance with Section 13.183(c), the utility commission may not prescribe any rate that will yield more than a fair return on the invested capital used and useful in rendering service to the public. The governing body of a municipality exercising its original jurisdiction over rates and services may use alternate ratemaking methodologies established by ordinance or by utility commission rule in accordance with Section 13.183(c). Unless the municipal regulatory authority uses alternate ratemaking methodologies established by ordinance or by utility commission rule in accordance with Section 13.183(c), it may not prescribe any rate that will yield more than a fair return on the invested capital used and useful in rendering service to the public.

SECTION 2.30. Subsections (d), (k), and (o), Section 13.187, Water Code, are amended to read as follows:

(d) Except as provided by Subsection (d-1), if the application or the statement of intent is not substantially complete or does not comply with the regulatory authority's rules, it may be rejected and the effective date of the rate change may be suspended until a properly completed application is accepted by the regulatory authority and a proper statement of intent is provided. The utility commission may also suspend the effective date of any rate change if the utility does not have a certificate of public convenience and necessity or a completed application for a certificate or to transfer a certificate pending before the utility commission or if the utility is delinquent in paying the assessment and any applicable penalties or interest required by Section 5.701(n) ~~[of this code]~~.

(k) If the regulatory authority receives at least the number of complaints from ratepayers required for the regulatory authority to set a hearing under Subsection (e), the regulatory authority may, pending the hearing and a decision, suspend the date the rate change would otherwise be effective. Except as provided by Subsection (d-1), the proposed rate may not be suspended for longer than:

- (1) 90 days by a local regulatory authority; or
- (2) 150 days by the utility commission.

(o) If a regulatory authority other than the utility commission establishes interim rates or an escrow account, the regulatory authority must make a final determination on the rates not later than the first anniversary of the effective date of the interim rates or escrowed rates or the rates are automatically approved as requested by the utility.

SECTION 2.31. Subsection (a), Section 13.188, Water Code, is amended to read as follows:

(a) Notwithstanding any other provision in this chapter, the utility commission by rule shall adopt a procedure allowing a utility to file with the utility commission an application to timely adjust the utility's rates to reflect an

increase or decrease in documented energy costs in a pass through clause. The utility commission, by rule, shall require the pass through of documented decreases in energy costs within a reasonable time. The pass through, whether a decrease or increase, shall be implemented on no later than an annual basis, unless the utility commission determines a special circumstance applies.

SECTION 2.32. Subsections (a) and (d), Section 13.241, Water Code, are amended to read as follows:

(a) In determining whether to grant or amend a certificate of public convenience and necessity, the utility commission shall ensure that the applicant possesses the financial, managerial, and technical capability to provide continuous and adequate service.

(d) Before the utility commission grants a new certificate of convenience and necessity for an area which would require construction of a physically separate water or sewer system, the applicant must demonstrate to the utility commission that regionalization or consolidation with another retail public utility is not economically feasible.

SECTION 2.33. Subsection (a), Section 13.242, Water Code, is amended to read as follows:

(a) Unless otherwise specified, a utility, a utility operated by an affected county, or a water supply or sewer service corporation may not in any way render retail water or sewer utility service directly or indirectly to the public without first having obtained from the utility commission a certificate that the present or future public convenience and necessity will require that installation, operation, or extension, and except as otherwise provided by this subchapter, a retail public utility may not furnish, make available, render, or extend retail water or sewer utility service to any area to which retail water or sewer utility service is being lawfully furnished by another retail public utility without first having obtained a certificate of public convenience and necessity that includes the area in which the consuming facility is located.

SECTION 2.34. Section 13.244, Water Code, is amended to read as follows:

Sec. 13.244. APPLICATION; MAPS AND OTHER INFORMATION; EVIDENCE AND CONSENT. (a) To obtain a certificate of public convenience and necessity or an amendment to a certificate, a public utility or water supply or sewer service corporation shall submit to the utility commission an application for a certificate or for an amendment as provided by this section.

and

(8) any other item required by the utility commission.

SECTION 2.35. Subsections (b), (c), and (e), Section 13.245, Water Code, are amended to read as follows:

(b) Except as provided by Subsection (c), the utility commission may not grant to a retail public utility a certificate of public convenience and necessity for a service area within the boundaries or extraterritorial jurisdiction of a municipality without the consent of the municipality. The municipality may not unreasonably withhold the consent. As a condition of the consent, a municipality may require that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for facilities.

(c) If a municipality has not consented under Subsection (b) before the 180th day after the date the municipality receives the retail public utility's application, the utility commission shall grant the certificate of public convenience and necessity without the consent of the municipality if the utility commission finds that the municipality:

(1) does not have the ability to provide service; or

(2) has failed to make a good faith effort to provide service on reasonable terms and conditions.

(e) If the utility commission makes a decision under Subsection (d) regarding the grant of a certificate of public convenience and necessity without the consent of the municipality, the municipality or the retail public utility may

appeal the decision to the appropriate state district court. The court shall hear the petition within 120 days after the date the petition is filed. On final disposition, the court may award reasonable fees to the prevailing party.

SECTION 2.36. Subsection (c), Section 13.2451, Water Code, is amended to read as follows:

(c) The utility commission, after notice to the municipality and an opportunity for a hearing, may decertify an area outside a municipality's extraterritorial jurisdiction if the municipality does not provide service to the area on or before the fifth anniversary of the date the certificate of public convenience and necessity was granted for the area. This subsection does not apply to a certificate of public convenience and necessity for an area:

(1) that was transferred to a municipality on approval of the utility commission; and

(2) in relation to which the municipality has spent public funds.

SECTION 2.37. Subsections (a), (a-1), (b), (c), (d), (f), (h), and (i), Section 13.246, Water Code, are amended to read as follows:

(a) If an application for a certificate of public convenience and necessity or for an amendment to a certificate is filed, the utility commission shall cause notice of the application to be given to affected parties and to each county and groundwater conservation district that is wholly or partly included in the area proposed to be certified. If requested, the utility commission shall fix a time and place for a hearing and give notice of the hearing. Any person affected by the application may intervene at the hearing.

(a-1) Except as otherwise provided by this subsection, in addition to the notice required by Subsection (a), the utility commission shall require notice to be mailed to each owner of a tract of land that is at least 25 acres and is wholly or partially included in the area proposed to be certified. Notice required under this subsection must be mailed by first class mail to the owner of the tract according to the most current tax appraisal rolls of the applicable central appraisal district at the time the utility commission received the application for the certificate or amendment. Good faith efforts to comply with the requirements of this subsection shall be considered adequate notice to landowners. Notice under this subsection is not required for a matter filed with the utility commission or the commission under:

(1) Section 13.248 or 13.255; or

(2) Chapter 65.

(b) The utility commission may grant applications and issue certificates and amendments to certificates only if the utility commission finds that a certificate or amendment is necessary for the service, accommodation, convenience, or safety of the public. The utility commission may issue a certificate or amendment as requested, or refuse to issue it, or issue it for the construction of only a portion of the contemplated system or facility or extension, or for the partial exercise only of the right or privilege and may impose special conditions necessary to ensure that continuous and adequate service is provided.

(c) Certificates of public convenience and necessity and amendments to certificates shall be granted by the utility commission on a nondiscriminatory basis after consideration by the utility commission of:

(1) the adequacy of service currently provided to the requested area;

(2) the need for additional service in the requested area, including whether any landowners, prospective landowners, tenants, or residents have requested service;

(3) the effect of the granting of a certificate or of an amendment on the recipient of the certificate or amendment, on the landowners in the area, and on any retail public utility of the same kind already serving the proximate area;

(4) the ability of the applicant to provide adequate service, including meeting the standards of the commission, taking into consideration the current and projected density and land use of the area;

(5) the feasibility of obtaining service from an adjacent retail public utility;

(6) the financial ability of the applicant to pay for the facilities necessary to provide continuous and adequate service and the financial stability of the applicant, including, if applicable, the adequacy of the applicant's debt-equity ratio;

(7) environmental integrity;

(8) the probable improvement of service or lowering of cost to consumers in that area resulting from the granting of the certificate or amendment; and

(9) the effect on the land to be included in the certificated area.

(d) The utility commission may require an applicant for a certificate or for an amendment to provide a bond or other financial assurance in a form and amount specified by the utility commission to ensure that continuous and adequate utility service is provided.

(f) If two or more retail public utilities or water supply or sewer service corporations apply for a certificate of public convenience and necessity to provide water or sewer utility service to an uncertificated area located in an economically distressed area and otherwise meet the requirements for obtaining a new certificate, the utility commission shall grant the certificate to the retail public utility or water supply or sewer service corporation that is more capable financially, managerially, and technically of providing continuous and adequate service.

(h) Except as provided by Subsection (i), a landowner who owns a tract of land that is at least 25 acres and that is wholly or partially located within the proposed service area may elect to exclude some or all of the landowner's property from the proposed service area by providing written notice to the utility commission before the 30th day after the date the landowner receives notice of a new application for a certificate of public convenience and necessity or for an amendment to an existing certificate of public convenience and necessity. The landowner's election is effective without a further hearing or other process by the

utility commission. If a landowner makes an election under this subsection, the application shall be modified so that the electing landowner's property is not included in the proposed service area.

(i) A landowner is not entitled to make an election under Subsection (h) but is entitled to contest the inclusion of the landowner's property in the proposed service area at a hearing held by the utility commission regarding the application if the proposed service area is located within the boundaries or extraterritorial jurisdiction of a municipality with a population of more than 500,000 and the municipality or a utility owned by the municipality is the applicant.

SECTION 2.38. Subsection (a), Section 13.247, Water Code, is amended to read as follows:

(a) If an area is within the boundaries of a municipality, all retail public utilities certified or entitled to certification under this chapter to provide service or operate facilities in that area may continue and extend service in its area of public convenience and necessity within the area pursuant to the rights granted by its certificate and this chapter, unless the municipality exercises its power of eminent domain to acquire the property of the retail public utility under Subsection (d). Except as provided by Section 13.255, a municipally owned or operated utility may not provide retail water and sewer utility service within the area certificated to another retail public utility without first having obtained from the utility commission a certificate of public convenience and necessity that includes the areas to be served.

SECTION 2.39. Section 13.248, Water Code, is amended to read as follows:

Sec. 13.248. **CONTRACTS VALID AND ENFORCEABLE.** Contracts between retail public utilities designating areas to be served and customers to be served by those retail public utilities, when approved by the utility commission or the executive director of the utility commission after public notice ~~[and hearing]~~, are valid and enforceable and are incorporated into the appropriate areas of public convenience and necessity.

SECTION 2.40. Subsections (b), (c), and (e), Section 13.250, Water Code, are amended to read as follows:

(b) Unless the utility commission issues a certificate that neither the present nor future convenience and necessity will be adversely affected, the holder of a certificate or a person who possesses facilities used to provide utility service shall not discontinue, reduce, or impair service to a certified service area or part of a certified service area except for:

(1) nonpayment of charges for services provided by the certificate holder or a person who possesses facilities used to provide utility service;

(2) nonpayment of charges for sewer service provided by another retail public utility under an agreement between the retail public utility and the certificate holder or a person who possesses facilities used to provide utility service or under a utility commission-ordered arrangement between the two service providers;

(3) nonuse; or

(4) other similar reasons in the usual course of business.

(c) Any discontinuance, reduction, or impairment of service, whether with or without approval of the utility commission, shall be in conformity with and subject to conditions, restrictions, and limitations that the utility commission prescribes.

(e) Not later than the 48th hour after the hour in which a utility files a bankruptcy petition, the utility shall report this fact to the utility commission and the commission in writing.

SECTION 2.41. Subsection (d), Section 13.2502, Water Code, is amended to read as follows:

(d) This section does not limit or extend the jurisdiction of the utility commission under Section 13.043(g).

SECTION 2.42. Section 13.251, Water Code, is amended to read as follows:

Sec. 13.251. SALE, ASSIGNMENT, OR LEASE OF CERTIFICATE. Except as provided by Section 13.255 [~~of this code~~], a utility or a water supply or sewer service corporation may not sell, assign, or lease a certificate of public convenience and necessity or any right obtained under a certificate unless the commission has determined that the purchaser, assignee, or lessee is capable of rendering adequate and continuous service to every consumer within the certified area, after considering the factors under Section 13.246(c) [~~of this code~~]. The sale, assignment, or lease shall be on the conditions prescribed by the utility commission.

SECTION 2.43. Section 13.252, Water Code, is amended to read as follows:

Sec. 13.252. INTERFERENCE WITH OTHER RETAIL PUBLIC UTILITY. If a retail public utility in constructing or extending a line, plant, or system interferes or attempts to interfere with the operation of a line, plant, or system of any other retail public utility, or furnishes, makes available, renders, or extends retail water or sewer utility service to any portion of the service area of another retail public utility that has been granted or is not required to possess a certificate of public convenience and necessity, the utility commission may issue an order prohibiting the construction, extension, or provision of service or prescribing terms and conditions for locating the line, plant, or system affected or for the provision of the service.

SECTION 2.44. Section 13.253, Water Code, is amended to read as follows:

Sec. 13.253. IMPROVEMENTS IN SERVICE; INTERCONNECTING SERVICE. (a) After notice and hearing, the utility commission or the commission may:

(1) order any retail public utility that is required by law to possess a certificate of public convenience and necessity or any retail public utility that possesses a certificate of public convenience and necessity and is located in an affected county as defined in Section 16.341 to:

(A) provide specified improvements in its service in a defined area if service in that area is inadequate or is substantially inferior to service in a comparable area and it is reasonable to require the retail public utility to provide the improved service; or

(B) develop, implement, and follow financial, managerial, and technical practices that are acceptable to the utility commission to ensure that continuous and adequate service is provided to any areas currently certificated to the retail public utility if the retail public utility has not provided continuous and adequate service to any of those areas and, for a utility, to provide financial assurance of the utility's ability to operate the system in accordance with applicable laws and rules, in the form of a bond or other financial assurance in a form and amount specified by the utility commission;

(2) order two or more public utilities or water supply or sewer service corporations to establish specified facilities for interconnecting service;

(3) order a public utility or water supply or sewer service corporation that has not demonstrated that it can provide continuous and adequate service from its drinking water source or sewer treatment facility to obtain service sufficient to meet its obligation to provide continuous and adequate service on at least a wholesale basis from another consenting utility service provider; or

(4) issue an emergency order, with or without a hearing, under Section 13.041.

(b) If the utility commission has reason to believe that improvements and repairs to a water or sewer service system are necessary to enable a retail public utility to provide continuous and adequate service in any portion of its service area and the retail public utility has provided financial assurance under Section 341.0355, Health and Safety Code, or under this chapter, the utility commission, after providing to the retail public utility notice and an opportunity to be heard by the commissioners at a [~~commission~~] meeting of the utility commission, may immediately order specified improvements and repairs to the water or sewer system, the costs of which may be paid by the bond or other financial assurance in an amount determined by the utility commission not to exceed the amount of the bond or financial assurance. The order requiring the improvements may be an emergency order if it is issued after the retail public utility has had an opportunity to be heard [~~by the commissioners~~] at a [~~commission~~] meeting of the utility commission. After notice and hearing, the utility commission may require a retail public utility to obligate additional money to replace the financial assurance used for the improvements.

SECTION 2.45. Section 13.254, Water Code, is amended to read as follows:

Sec. 13.254. REVOCATION OR AMENDMENT OF CERTIFICATE. (a) The utility commission at any time after notice and hearing may~~[- on its own motion or on receipt of a petition described by Subsection (a 1);]~~ revoke or amend any certificate of public convenience and necessity with the written consent of the certificate holder or if the utility commission [~~it~~] finds that:

(1) the certificate holder has never provided, is no longer providing, is incapable of providing, or has failed to provide continuous and adequate service in the area, or part of the area, covered by the certificate;

(2) in an affected county as defined in Section 16.341, the cost of providing service by the certificate holder is so prohibitively expensive as to constitute denial of service, provided that, for commercial developments or for residential developments started after September 1, 1997, in an affected county as defined in Section 16.341, the fact that the cost of obtaining service from the currently certificated retail public utility makes the development economically unfeasible does not render such cost prohibitively expensive in the absence of other relevant factors;

(3) the certificate holder has agreed in writing to allow another retail public utility to provide service within its service area, except for an interim period, without amending its certificate; or

(4) the certificate holder has failed to file a cease and desist action pursuant to Section 13.252 within 180 days of the date that it became aware that another retail public utility was providing service within its service area, unless the certificate holder demonstrates good cause for its failure to file such action within the 180 days.

(a-1) As an alternative to decertification under Subsection (a), the owner of a tract of land that is at least 50 acres and that is not in a platted subdivision actually receiving water or sewer service may petition the utility commission under this subsection for expedited release of the area from a certificate of public convenience and necessity so that the area may receive service from another retail public utility. The petitioner shall deliver, via certified mail, a copy of the petition to the certificate holder, who may submit information to the utility commission to controvert information submitted by the petitioner. The petitioner must demonstrate that:

(1) a written request for service, other than a request for standard residential or commercial service, has been submitted to the certificate holder, identifying:

(A) the area for which service is sought;

(B) the timeframe within which service is needed for current and projected service demands in the area;

(C) the level and manner of service needed for current and projected service demands in the area; and

(D) any additional information requested by the certificate holder that is reasonably related to determination of the capacity or cost for providing the service;

(2) the certificate holder has been allowed at least 90 calendar days to review and respond to the written request and the information it contains;

(3) the certificate holder:

(A) has refused to provide the service;

(B) is not capable of providing the service on a continuous and adequate basis within the timeframe, at the level, or in the manner reasonably needed or requested by current and projected service demands in the area; or

(C) conditions the provision of service on the payment of costs not properly allocable directly to the petitioner's service request, as determined by the utility commission; and

(4) the alternate retail public utility from which the petitioner will be requesting service is capable of providing continuous and adequate service within the timeframe, at the level, and in the manner reasonably needed or requested by current and projected service demands in the area.

(a-2) A landowner is not entitled to make the election described in Subsection (a-1) or (a-5) but is entitled to contest under Subsection (a) the involuntary certification of its property in a hearing held by the utility commission if the landowner's property is located:

(1) within the boundaries of any municipality or the extraterritorial jurisdiction of a municipality with a population of more than 500,000 and the municipality or retail public utility owned by the municipality is the holder of the certificate; or

(2) in a platted subdivision actually receiving water or sewer service.

(a-3) Within 90 calendar days from the date the utility commission determines the petition filed pursuant to Subsection (a-1) to be administratively complete, the utility commission shall grant the petition unless the utility commission makes an express finding that the petitioner failed to satisfy the elements required in Subsection (a-1) and supports its finding with separate findings and conclusions for each element based solely on the information provided by the petitioner and the certificate holder. The utility commission may grant or deny a petition subject to terms and conditions specifically related to the service request of the petitioner and all relevant information submitted by the petitioner and the certificate holder. In addition, the utility commission may require an award of compensation as otherwise provided by this section.

(a-4) Chapter 2001, Government Code, does not apply to any petition filed under Subsection (a-1). The decision of the utility commission on the petition is final after any reconsideration authorized by the utility commission's rules and may not be appealed.

(a-5) As an alternative to decertification under Subsection (a) and expedited release under Subsection (a-1), the owner of a tract of land that is at least 25 acres and that is not receiving water or sewer service may petition for expedited release of the area from a certificate of public convenience and necessity and is entitled to that release if the landowner's property is located in a county with a population of at least one million, a county adjacent to a county with a population of at least one million, or a county with a population of more than 200,000 and less than 220,000.

(a-6) The utility commission shall grant a petition received under Subsection (a-5) not later than the 60th day after the date the landowner files the petition. The utility commission may not deny a petition received under Subsection (a-5) based on the fact that a certificate holder is a borrower under a federal loan program. The utility commission may require an award of

compensation by the petitioner to a decertified retail public utility that is the subject of a petition filed under Subsection (a-5) as otherwise provided by this section.

(b) Upon written request from the certificate holder, the utility commission [~~executive director~~] may cancel the certificate of a utility or water supply corporation authorized by rule to operate without a certificate of public convenience and necessity under Section 13.242(c).

(c) If the certificate of any retail public utility is revoked or amended, the utility commission may require one or more retail public utilities with their consent to provide service in the area in question. The order of the utility commission shall not be effective to transfer property.

(d) A retail public utility may not in any way render retail water or sewer service directly or indirectly to the public in an area that has been decertified under this section without providing compensation for any property that the utility commission determines is rendered useless or valueless to the decertified retail public utility as a result of the decertification.

(e) The determination of the monetary amount of compensation, if any, shall be determined at the time another retail public utility seeks to provide service in the previously decertified area and before service is actually provided. The utility commission shall ensure that the monetary amount of compensation is determined not later than the 90th calendar day after the date on which a retail public utility notifies the utility commission of its intent to provide service to the decertified area.

(f) The monetary amount shall be determined by a qualified individual or firm serving as independent appraiser agreed upon by the decertified retail public utility and the retail public utility seeking to serve the area. The determination of compensation by the independent appraiser shall be binding on the utility commission. The costs of the independent appraiser shall be borne by the retail public utility seeking to serve the area.

(g) For the purpose of implementing this section, the value of real property owned and utilized by the retail public utility for its facilities shall be determined according to the standards set forth in Chapter 21, Property Code, governing actions in eminent domain and the value of personal property shall be determined according to the factors in this subsection. The factors ensuring that the compensation to a retail public utility is just and adequate shall include: the amount of the retail public utility's debt allocable for service to the area in question; the value of the service facilities of the retail public utility located within the area in question; the amount of any expenditures for planning, design, or construction of service facilities that are allocable to service to the area in question; the amount of the retail public utility's contractual obligations allocable to the area in question; any demonstrated impairment of service or increase of cost to consumers of the retail public utility remaining after the decertification; the impact on future revenues lost from existing customers; necessary and reasonable legal expenses and professional fees; and other relevant factors. The utility commission shall adopt rules governing the evaluation of these factors.

(g-1) If the retail public utilities cannot agree on an independent appraiser within 10 calendar days after the date on which the retail public utility notifies the utility commission of its intent to provide service to the decertified area, each retail public utility shall engage its own appraiser at its own expense, and each appraisal shall be submitted to the utility commission within 60 calendar days. After receiving the appraisals, the utility commission shall appoint a third appraiser who shall make a determination of the compensation within 30 days. The determination may not be less than the lower appraisal or more than the higher appraisal. Each retail public utility shall pay half the cost of the third appraisal.

SECTION 2.46. Subsections (a), (b), (c), (d), (e), (g-1), (k), (l), and (m), Section 13.255, Water Code, are amended to read as follows:

(a) In the event that an area is incorporated or annexed by a municipality, either before or after the effective date of this section, the municipality and a retail public utility that provides water or sewer service to all or part of the area pursuant to a certificate of convenience and necessity may agree in writing that all or part of the area may be served by a municipally owned utility, by a franchised utility, or by the retail public utility. In this section, the phrase "franchised utility" shall mean a retail public utility that has been granted a franchise by a municipality to provide water or sewer service inside municipal boundaries. The agreement may provide for single or dual certification of all or part of the area, for the purchase of facilities or property, and for such other or additional terms that the parties may agree on. If a franchised utility is to serve the area, the franchised utility shall also be a party to the agreement. The executed agreement shall be filed with the utility commission, and the utility commission, on receipt of the agreement, shall incorporate the terms of the agreement into the respective certificates of convenience and necessity of the parties to the agreement.

(b) If an agreement is not executed within 180 days after the municipality, in writing, notifies the retail public utility of its intent to provide service to the incorporated or annexed area, and if the municipality desires and intends to provide retail utility service to the area, the municipality, prior to providing service to the area, shall file an application with the utility commission to grant single certification to the municipally owned water or sewer utility or to a franchised utility. If an application for single certification is filed, the utility commission shall fix a time and place for a hearing and give notice of the hearing to the municipality and franchised utility, if any, and notice of the application and hearing to the retail public utility.

(c) The utility commission shall grant single certification to the municipality. The utility commission shall also determine whether single certification as requested by the municipality would result in property of a retail public utility being rendered useless or valueless to the retail public utility, and shall determine in its order the monetary amount that is adequate and just to compensate the retail public utility for such property. If the municipality in its application has requested the transfer of specified property of the retail public utility to the municipality or to a franchised utility, the utility commission shall

also determine in its order the adequate and just compensation to be paid for such property pursuant to the provisions of this section, including an award for damages to property remaining in the ownership of the retail public utility after single certification. The order of the utility commission shall not be effective to transfer property. A transfer of property may only be obtained under this section by a court judgment rendered pursuant to Subsection (d) or (e) ~~[of this section]~~. The grant of single certification by the utility commission shall go into effect on the date the municipality or franchised utility, as the case may be, pays adequate and just compensation pursuant to court order, or pays an amount into the registry of the court or to the retail public utility under Subsection (f). If the court judgment provides that the retail public utility is not entitled to any compensation, the grant of single certification shall go into effect when the court judgment becomes final. The municipality or franchised utility must provide to each customer of the retail public utility being acquired an individual written notice within 60 days after the effective date for the transfer specified in the court judgment. The notice must clearly advise the customer of the identity of the new service provider, the reason for the transfer, the rates to be charged by the new service provider, and the effective date of those rates.

(d) In the event the final order of the utility commission is not appealed within 30 days, the municipality may request the district court of Travis County to enter a judgment consistent with the order of the utility commission. In such event, the court shall render a judgment that:

(1) transfers to the municipally owned utility or franchised utility title to property to be transferred to the municipally owned utility or franchised utility as delineated by the utility commission's final order and property determined by the utility commission to be rendered useless or valueless by the granting of single certification; and

(2) orders payment to the retail public utility of adequate and just compensation for the property as determined by the utility commission in its final order.

(e) Any party that is aggrieved by a final order of the utility commission under this section may file an appeal with the district court of Travis County within 30 days after the order becomes final. The hearing in such an appeal before the district court shall be by trial de novo on all issues. After the hearing, if the court determines that the municipally owned utility or franchised utility is entitled to single certification under the provisions of this section, the court shall enter a judgment that:

(1) transfers to the municipally owned utility or franchised utility title to property requested by the municipality to be transferred to the municipally owned utility or franchised utility and located within the singly certificated area and property determined by the court or jury to be rendered useless or valueless by the granting of single certification; and

(2) orders payment in accordance with Subsection (g) ~~[of this section]~~ to the retail public utility of adequate and just compensation for the property transferred and for the property damaged as determined by the court or jury.

(g-1) The utility commission shall adopt rules governing the evaluation of the factors to be considered in determining the monetary compensation under Subsection (g). The utility commission by rule shall adopt procedures to ensure that the total compensation to be paid to a retail public utility under Subsection (g) is determined not later than the 90th calendar day after the date on which the utility commission determines that the municipality's application is administratively complete.

(k) The following conditions apply when a municipality or franchised utility makes an application to acquire the service area or facilities of a retail public utility described in Subsection (j)(2):

(1) the utility commission or court must determine that the service provided by the retail public utility is substandard or its rates are unreasonable in view of the reasonable expenses of the utility;

(2) if the municipality abandons its application, the court or the utility commission is authorized to award to the retail public utility its reasonable expenses related to the proceeding hereunder, including attorney fees; and

(3) unless otherwise agreed by the retail public utility, the municipality must take the entire utility property of the retail public utility in a proceeding hereunder.

(l) For an area incorporated by a municipality, the compensation provided under Subsection (g) shall be determined by a qualified individual or firm to serve as independent appraiser, who shall be selected by the affected retail public utility, and the costs of the appraiser shall be paid by the municipality. For an area annexed by a municipality, the compensation provided under Subsection (g) shall be determined by a qualified individual or firm to which the municipality and the retail public utility agree to serve as independent appraiser. If the retail public utility and the municipality are unable to agree on a single individual or firm to serve as the independent appraiser before the 11th day after the date the retail public utility or municipality notifies the other party of the impasse, the retail public utility and municipality each shall appoint a qualified individual or firm to serve as independent appraiser. On or before the 10th business day after the date of their appointment, the independent appraisers shall meet to reach an agreed determination of the amount of compensation. If the appraisers are unable to agree on a determination before the 16th business day after the date of their first meeting under this subsection, the retail public utility or municipality may petition the utility commission or a person the utility commission designates for the purpose to appoint a third qualified independent appraiser to reconcile the appraisals of the two originally appointed appraisers. The determination of the third appraiser may not be less than the lesser or more than the greater of the two original appraisals. The costs of the independent appraisers for an annexed area shall be shared equally by the retail public utility and the municipality. The determination of compensation under this subsection is binding on the utility commission.

(m) The utility commission shall deny an application for single certification by a municipality that fails to demonstrate compliance with the commission's minimum requirements for public drinking water systems.

SECTION 2.47. Section 13.2551, Water Code, is amended to read as follows:

Sec. 13.2551. COMPLETION OF DECERTIFICATION. (a) As a condition to decertification or single certification under Section 13.254 or 13.255, and on request by an affected retail public utility, the utility commission may order:

(1) the retail public utility seeking to provide service to a decertified area to serve the entire service area of the retail public utility that is being decertified; and

(2) the transfer of the entire certificate of public convenience and necessity of a partially decertified retail public utility to the retail public utility seeking to provide service to the decertified area.

(b) The utility commission shall order service to the entire area under Subsection (a) if the utility commission finds that the decertified retail public utility will be unable to provide continuous and adequate service at an affordable cost to the remaining customers.

(c) The utility commission shall require the retail public utility seeking to provide service to the decertified area to provide continuous and adequate service to the remaining customers at a cost comparable to the cost of that service to its other customers and shall establish the terms under which the service must be provided. The terms may include:

(1) transferring debt and other contract obligations;

(2) transferring real and personal property;

(3) establishing interim service rates for affected customers during specified times; and

(4) other provisions necessary for the just and reasonable allocation of assets and liabilities.

(d) The retail public utility seeking decertification shall not charge the affected customers any transfer fee or other fee to obtain service other than the retail public utility's usual and customary rates for monthly service or the interim rates set by the utility commission, if applicable.

(e) The utility commission shall not order compensation to the decertified retail utility if service to the entire service area is ordered under this section.

SECTION 2.48. Subsections (e), (i), (r), and (s), Section 13.257, Water Code, are amended to read as follows:

(e) The notice must be given to the prospective purchaser before the execution of a binding contract of purchase and sale. The notice may be given separately or as an addendum to or paragraph of the contract. If the seller fails to provide the notice required by this section, the purchaser may terminate the contract. If the seller provides the notice at or before the closing of the purchase and sale contract and the purchaser elects to close even though the notice was not timely provided before the execution of the contract, it is conclusively presumed that the purchaser has waived all rights to terminate the contract and recover damages or pursue other remedies or rights under this section. Notwithstanding any provision of this section to the contrary, a seller, title insurance company, real

estate broker, or examining attorney, or an agent, representative, or person acting on behalf of the seller, company, broker, or attorney, is not liable for damages under Subsection (m) or (n) or liable for any other damages to any person for:

(1) failing to provide the notice required by this section to a purchaser before the execution of a binding contract of purchase and sale or at or before the closing of the purchase and sale contract if:

(A) the utility service provider did not file the map of the certificated service area in the real property records of the county in which the service area is located and with the utility commission depicting the boundaries of the service area of the utility service provider as shown in the real property records of the county in which the service area is located; and

(B) the utility commission did not maintain an accurate map of the certificated service area of the utility service provider as required by this chapter; or

(2) unintentionally providing a notice required by this section that is incorrect under the circumstances before the execution of a binding contract of purchase and sale or at or before the closing of the purchase and sale contract.

(i) If the notice is given at closing as provided by Subsection (g), a purchaser, or the purchaser's heirs, successors, or assigns, may not maintain an action for damages or maintain an action against a seller, title insurance company, real estate broker, or lienholder, or any agent, representative, or person acting on behalf of the seller, company, broker, or lienholder, by reason of the seller's use of the information filed with the utility commission by the utility service provider or the seller's use of the map of the certificated service area of the utility service provider filed in the real property records to determine whether the property to be purchased is within the certificated service area of the utility service provider. An action may not be maintained against a title insurance company for the failure to disclose that the described real property is included within the certificated service area of a utility service provider if the utility service provider did not file in the real property records or with the utility commission the map of the certificated service area.

(r) A utility service provider shall:

(1) record in the real property records of each county in which the service area or a portion of the service area is located a certified copy of the map of the certificate of public convenience and necessity and of any amendment to the certificate as contained in the utility commission's records, and a boundary description of the service area by:

(A) a metes and bounds survey certified by a licensed state land surveyor or a registered professional land surveyor;

(B) the Texas State Plane Coordinate System;

(C) verifiable landmarks, including a road, creek, or railroad line;

or

(D) if a recorded plat of the area exists, lot and block number; and

(2) submit to the executive director of the utility commission evidence of the recording.

(s) Each county shall accept and file in its real property records a utility service provider's map presented to the county clerk under this section if the map meets filing requirements, does not exceed 11 inches by 17 inches in size, and is accompanied by the appropriate fee. SECTION 2.49. Subsections (a) through (g), Section 13.301, Water Code, are amended to read as follows:

(a) A utility or a water supply or sewer service corporation, on or before the 120th day before the effective date of a sale, acquisition, lease, or rental of a water or sewer system that is required by law to possess a certificate of public convenience and necessity or the effective date of a merger or consolidation with such a utility or water supply or sewer service corporation, shall:

(1) file a written application with the utility commission; and

(A) noncompliance with the requirements of the utility commission, the commission, or the [~~Texas~~] Department of State Health Services; or

(B) continuing mismanagement or misuse of revenues as a utility service provider;

(4) the person purchasing or acquiring the water or sewer system cannot demonstrate the financial ability to provide the necessary capital investment to ensure the provision of continuous and adequate service to the customers of the water or sewer system; or

(5) there are concerns that the transaction may not serve the public interest, after the application of the considerations provided by Section 13.246(c) for determining whether to grant a certificate of convenience and necessity.

(f) Unless the executive director of the utility commission requests that a public hearing be held, the sale, acquisition, lease, or rental may be completed as proposed:

(1) at the end of the 120-day period; or

(2) at any time after the executive director of the utility commission notifies the utility or water supply or sewer service corporation that a hearing will not be requested.

(g) If a hearing is requested or if the utility or water supply or sewer service corporation fails to make the application as required or to provide public notice, the sale, acquisition, lease, or rental may not be completed unless the utility commission determines that the proposed transaction serves the public interest.

SECTION 2.50. Section 13.302, Water Code, is amended to read as follows:

Sec. 13.302. PURCHASE OF VOTING STOCK IN ANOTHER PUBLIC UTILITY: REPORT. (b) The utility commission may require that a person acquiring a controlling interest in a utility demonstrate adequate financial, managerial, and technical capability for providing continuous and adequate service to the requested area and any areas currently certificated to the person.

(c) If the person acquiring a controlling interest cannot demonstrate adequate financial capability, the utility commission may require that the person provide a bond or other financial assurance in a form and amount specified by the utility commission to ensure continuous and adequate utility service is provided.

(d) The executive director of the utility commission may request that the utility commission hold a public hearing on the transaction if the executive director of the utility commission believes that a criterion prescribed by Section 13.301(e) applies.

(e) Unless the executive director of the utility commission requests that a public hearing be held, the purchase or acquisition may be completed as proposed:

(1) at the end of the 60-day period; or

(2) at any time after the executive director of the utility commission notifies the person or utility that a hearing will not be requested.

(f) If a hearing is requested or if the person or utility fails to make the application to the utility commission as required, the purchase or acquisition may not be completed unless the utility commission determines that the proposed transaction serves the public interest. A purchase or acquisition that is not completed in accordance with the provisions of this section is void.

The penalty may be in an amount not to exceed \$500 a day. Each day a violation continues may be considered a separate violation.

(2) with respect to the alleged violator:

(A) the history and extent of previous violations;

(B) the degree of culpability, including whether the violation was attributable to mechanical or electrical failures and whether the violation could have been reasonably anticipated and avoided;

(C) the demonstrated good faith, including actions taken by the person, affiliated interest, or entity to correct the cause of the violation;

(D) any economic benefit gained through the violation; and

(E) the amount necessary to deter future violations; and

(3) any other matters that justice requires.

(c) If, after examination of a possible violation and the facts surrounding that possible violation, the executive director of the utility commission or the executive director of the commission concludes that a violation has occurred, the executive director of the utility commission or the executive director of the commission may issue a preliminary report stating the facts on which that conclusion is based, recommending that a penalty under this section be imposed on the person, affiliated interest, or retail public utility charged, and recommending the amount of that proposed penalty. The executive director of the utility commission or the executive director of the commission shall base the recommended amount of the proposed penalty on the factors provided by Subsection (b) ~~[of this section]~~, and shall analyze each factor for the benefit of the agency ~~[commission]~~.

(d) Not later than the 10th day after the date on which the report is issued, the executive director of the utility commission or the executive director of the commission shall give written notice of the report to the person, affiliated interest, or retail public utility charged with the violation. The notice shall include a brief summary of the charges, a statement of the amount of the penalty recommended, and a statement of the right of the person, affiliated interest, or retail public utility charged to a hearing on the occurrence of the violation, the amount of the penalty, or both.

(e) Not later than the 20th day after the date on which notice is received, the person, affiliated interest, or retail public utility charged may give the agency ~~[commission]~~ written consent to the ~~[executive director's]~~ report described by Subsection (c), including the recommended penalty, or may make a written request for a hearing.

(f) If the person, affiliated interest, or retail public utility charged with the violation consents to the penalty recommended in the report described by Subsection (c) ~~[by the executive director]~~ or fails to timely respond to the notice, the utility commission or the commission by order shall assess that penalty or order a hearing to be held on the findings and recommendations in the ~~[executive director's]~~ report. If the utility commission or the commission assesses the penalty recommended by the report, the utility commission or the commission shall give written notice to the person, affiliated interest, or retail public utility charged of its decision.

(g) If the person, affiliated interest, or retail public utility charged requests or the utility commission or the commission orders a hearing, the agency ~~[commission]~~ shall call a hearing and give notice of the hearing. As a result of the hearing, the agency ~~[commission]~~ by order may find that a violation has occurred

In making any penalty decision, the agency ~~[commission]~~ shall analyze each of the factors provided by Subsection (b) ~~[of this section]~~.

(h) The utility commission or the commission shall give notice of its decision to the person, affiliated interest, or retail public utility charged, and if the agency ~~[commission]~~ finds that a violation has occurred and has assessed a penalty, the agency ~~[commission]~~ shall give written notice to the person, affiliated interest, or retail public utility charged of its findings, of the amount of the penalty, and of the person's, affiliated interest's, or retail public utility's right to judicial review of the agency's ~~[commission's]~~ order. If the agency ~~[commission]~~ is required to give notice of a penalty under this subsection or Subsection (f) ~~[of this section]~~, the agency ~~[commission]~~ shall file notice of the agency's ~~[its]~~ decision in the Texas Register not later than the 10th day after the date on which the decision is adopted.

(i) Within the 30-day period immediately following the day on which the agency's ~~[commission's]~~ order is final, as provided by Subchapter F, Chapter 2001, Government Code, the person, affiliated interest, or retail public utility charged with the penalty shall:

(1) pay the penalty in full; or

(2) if the person, affiliated interest, or retail public utility seeks judicial review of the fact of the violation, the amount of the penalty, or both:

(A) forward the amount of the penalty to the agency ~~[commission]~~ for placement in an escrow account; or

(B) post with the agency ~~[commission]~~ a supersedeas bond in a form approved by the agency ~~[commission]~~ for the amount of the penalty to be effective until all judicial review of the order or decision is final.

(j) Failure to forward the money to or to post the bond with the agency ~~[commission]~~ within the time provided by Subsection (i) ~~[of this section]~~ constitutes a waiver of all legal rights to judicial review. If the person, affiliated interest, or retail public utility charged fails to forward the money or post the bond as provided by Subsection (i) ~~[of this section]~~, the agency ~~[commission]~~ or the executive director of the agency may forward the matter to the attorney general for enforcement.

(k) Judicial review of the order or decision of the agency ~~[commission]~~ assessing the penalty shall be under the substantial evidence rule and may be instituted by filing a petition with a district court in Travis County, as provided by Subchapter G, Chapter 2001, Government Code.

(m) Notwithstanding any other provision of law, the agency ~~[commission]~~ may compromise, modify, extend the time for payment of, or remit, with or without condition, any penalty imposed under this section.

However, an owner of an apartment house, manufactured home rental community, or other multiple use facility or condominium manager is not liable for a civil penalty if the owner or condominium manager proves the violation was a good faith, unintentional mistake.

(2) originally required by a court order adjudicating the water rights for those reservoirs.

(c) Before approving an authority's water management plan, the commission shall require that the plan:

(1) ensures that adequate firm water supplies are available to meet the existing and projected demands of firm water customers to the extent:

(A) provided by previously adjudicated water rights; and

(B) other supplies are not available to the authority to meet those firm water customer demands; and

(2) provides for curtailing water supplies under interruptible commitments before requesting that firm water customers institute voluntary drought contingency measures.
